Dear Fellow Stockholders:

We are pleased to invite you to Ally Financial Inc.'s 2020 Annual Meeting of Stockholders. The meeting will be held at the Waterview Loft, 130 E. Atwater Street, Detroit, Michigan 48226, on April 28, 2020, at 9:00 a.m., Eastern Daylight Time.

We use the internet as our primary means of furnishing proxy materials to our stockholders, including the notice and proxy statement, a proxy card, and our 2019 annual report. The notice and proxy statement contain important information about proxy voting and the business to be conducted at the meeting. Whether or not you plan to attend the meeting, please vote as promptly as possible to make sure your vote is counted. Every stockholder vote is important, and we want to ensure your shares are represented at the meeting.

In 2019, we continued to steadily execute on our strategic priorities, generate compelling returns, and position Ally for the future. Our businesses demonstrated resilience and adaptability, and our 8,700 Ally teammates drove financial and operating performance to new heights with a relentless focus on our customers and communities.

Last year, we celebrated the 100-year anniversary of our auto-finance business, the 20-year anniversary of our corporate-finance business, the 10-year anniversary of Ally Bank, and the 5-year anniversary of our initial public offering. Looking ahead, we remain focused on growing and optimizing our existing businesses and diversifying into new ones, while embracing our purpose-driven culture—centered around the mantra to 'Do It Right.' I am enthusiastic about the coming year and continuing to deliver value for our stakeholders over the long-term.

Thank you for your continued support of Ally Financial Inc.

Sincerely,

Jeffrey J. Brown Chief Executive Officer

NOTICE OF ANNUAL MEETING

DATE:	Tuesday, April 28, 2020
TIME:	9:00 a.m. Eastern Daylight Time
LOCATION:	Waterview Loft* 130 E. Atwater Street Detroit, Michigan 48226

MATTERS TO BE VOTED ON

- 1. Election of directors
- 2. Advisory vote on executive compensation
- 3. Ratification of the Audit Committee's engagement of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2020
- 4. Such other business as may properly come before the meeting

Jeffrey A. Belisle Corporate Secretary March 12, 2020

Only stockholders of record at the close of business on March 4, 2020, the record date fixed by the Board of Directors of the Company, will be entitled to notice of and to vote at the meeting or any adjournment thereof. A list of all stockholders of record entitled to vote is on file at the principal executive office of the Company located at 500 Woodward Avenue, MC: MI-01-10-CORPSEC, Detroit, Michigan 48226.

We use the internet as our primary means of furnishing proxy materials to our stockholders, including the notice and proxy statement, a proxy card, and our 2019 annual report. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send these stockholders a notice with instructions for accessing the proxy materials and voting via the internet. The notice will also explain how stockholders may obtain paper copies of our proxy materials if they so choose. Internet transmission and voting are designed to be efficient, minimize cost, and conserve natural resources.

Voting procedures are described in the proxy statement. No stockholder has a dissenter's right of appraisal or similar right in connection with any of the proposals. If you wish to attend the meeting in person, you will need to follow the instructions set forth on page 8 of the proxy statement and otherwise satisfy the eligibility criteria described there.

* As a precaution due to the outbreak of Coronavirus Disease 2019 (COVID-19), we are planning for the possibility that the annual meeting may be held only through remote communication. If we decide to take this step, we will announce it in advance of the annual meeting together with details on how to participate.

PROXY STATEMENT

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

SOLICITATION

The solicitation of your proxy is made on behalf of the Board of Directors of Ally Financial Inc. (Board) for use at our 2020 annual meeting of stockholders to be held on April 28, 2020, and any adjournment of the meeting (Annual Meeting). References in this proxy statement to we, us, our, the Company, and Ally refer to Ally Financial Inc. and its consolidated subsidiaries, unless the context requires otherwise.

This proxy statement and the related form of proxy will first be sent or given on or about March 12, 2020, to the stockholders of record of our common stock at the close of business on March 4, 2020 (record date). This proxy statement and our annual report for the year ended December 31, 2019, also will first be made available on our website at *www.ally.com/about/investor/sec-filings/*, free of charge, at or about the same time.

The complete mailing address of the Company's principal executive office is 500 Woodward Avenue, MC: MI-01-10-CORPSEC, Detroit, Michigan 48226. The Annual Meeting will be held at the Waterview Loft, 130 E. Atwater Street, Detroit, Michigan 48226. As a precaution due to the outbreak of Coronavirus Disease 2019 (COVID-19), we are planning for the possibility that the Annual Meeting may be held only through remote communication. If we decide to take this step, we will announce it in advance of the Annual Meeting together with details on how to participate.

ELECTRONIC AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting To Be Held on April 28, 2020. This proxy statement, our annual report to stockholders for fiscal year 2019, and our Form 10-K for fiscal year 2019 are available electronically at *www.proxydocs.com/ALLY*.

VOTING RIGHTS AND PROCEDURES

Stockholders of record at the close of business on the record date may vote at the Annual Meeting. As of the record date, 374,393,689 shares of our common stock were issued and outstanding and, therefore, eligible to be voted at the Annual Meeting. Only one class of our common stock exists, and each share is entitled to one vote.

Stockholders of record or **record holders** have shares of our common stock registered in their names with our transfer agent, Computershare Trust Company. **Beneficial owners**, in contrast, own shares of our common stock that are held in "street name" through a broker, bank, or other nominee. Beneficial owners generally cannot vote their shares directly and must instead instruct their brokers, banks, or other nominees how to vote the shares. If you are a beneficial owner of our common stock, your proxy is being solicited through your broker, bank, or other nominee.

You may vote FOR, AGAINST, or ABSTAIN on each of the three proposals. The Board recommends that you vote as follows:

	Board Voting Recommendations
Proposal 1	FOR the election of each of the 12 nominees to our Board.
Proposal 2	FOR the advisory resolution approving the compensation paid to our named executive officers.
Proposal 3	FOR the ratification of the Audit Committee's engagement of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2020.

When this proxy statement was printed, we did not know of any matter to be presented at the Annual Meeting other than these three proposals. If any other matter may be properly considered at the Annual Meeting, your proxy can exercise discretion in voting your shares on the matter. We currently do not anticipate that any other matter will be presented at the Annual Meeting.

We expect that the election of directors in Proposal 1 will be uncontested—that is, an election where the number of properly nominated director candidates does not exceed the number of directors to be elected. In that case, each director will be elected by a majority of the votes cast with respect to the director. This means that the number of votes cast **FOR** a director nominee must exceed the number of votes cast **AGAINST** that director nominee. If an incumbent director nominee fails to receive a majority of the votes cast in an uncontested election, our director resignation policy will apply as described further in Proposal 1. Voting **ABSTAIN** on Proposal 1 in an uncontested election will have no effect on the outcome.

If the election of directors in Proposal 1 unexpectedly becomes contested—that is, an election where the number of properly nominated director candidates exceeds the number of directors to be elected—plurality voting will apply. This means that the seats on the Board will be filled by the director nominees who receive the highest number of FOR votes. Voting AGAINST or ABSTAIN in a contested election will have no effect on the outcome.

For each of Proposals 2 and 3, a **FOR** vote from a majority of the outstanding shares present in person or represented by proxy and entitled to vote on the proposal will be required for approval. Voting **ABSTAIN** on Proposals 2 or 3 will have the same effect as voting **AGAINST**.

We strongly encourage all stockholders to submit their votes in advance of the Annual Meeting, even if you are planning to attend in person.

If you are a record holder, you may vote your shares (1) through the internet, (2) by telephone, (3) by completing, signing, dating, and returning your proxy card in the provided envelope, or (4) in person by ballot at the Annual Meeting. Other proxy materials that you receive together with this proxy statement contain the website address and the telephone number for internet or telephone voting. Internet or telephone votes must be received prior to the Annual Meeting in order to be counted. Completed, signed, and dated proxy cards must be received prior to the Annual Meeting in order to be counted. If you as a record holder submit a valid proxy prior to the Annual Meeting but do not provide voting instructions, your shares will be voted according to the recommendations of the Board described earlier in this section.

If you are a beneficial owner, you may not vote your shares directly but instead may instruct your broker, bank, or other nominee how to vote your shares. You should receive materials from your broker, bank, or other nominee with directions on how to provide voting instructions. Those materials also will identify the time by which your broker, bank, or other nominee must receive your voting instructions. The availability of internet or telephone voting will depend on the processes adopted by your broker, bank, or other nominee. If you want to vote your shares in person at the Annual Meeting, you will need to obtain a legally enforceable proxy from your broker, bank, or other nominee in advance and present that proxy to the inspectors of election together with a valid form of government-issued photo identification (such as a driver's license or passport). For Proposals 1 and 2, if you are a beneficial owner of shares, your broker, bank, or other nominee is not permitted to vote your shares if no instruction is received from you. For Proposal 3, your broker, bank, or other nominee can exercise discretion in voting your shares if no instruction is received from you.

You may revoke or change your proxy at any time before the vote is taken at the Annual Meeting. If you are a record holder, you may revoke or change your proxy by (1) executing and delivering a later-dated proxy for the same shares in compliance with the requirements described in this proxy statement, (2) voting the same shares again over the internet or telephone prior to the Annual Meeting, (3) voting a ballot at the Annual Meeting, or (4) notifying the Secretary of your revocation of the proxy prior to the Annual Meeting. If you are a beneficial owner, you must follow the directions provided to you by your broker, bank, or other nominee. Any beneficial owner of shares who wants to revoke a proxy at the Annual Meeting will need to present to the inspectors of election a legally enforceable proxy from the broker, bank, or other nominee indicating that the person is the beneficial owner of the shares together with a valid form of government-issued photo identification (such as a driver's license or passport).

We will pay the costs of preparing the proxy materials and soliciting proxies, including the reasonable charges and expenses of brokers, banks, and other nominees for forwarding proxy materials to beneficial owners and updating proxy cards and directions. In addition to our solicitation of proxies, your proxy may be solicited by telephone, facsimile, internet, or e-mail or in person by directors, officers, or regular employees of Ally or its affiliates who will receive no additional compensation for doing so.

MEETING ADMISSION

Attendance at the Annual Meeting will be limited to stockholders of record or their proxies, beneficial owners of our common stock, and our guests. Record holders who wish to attend the Annual Meeting in person must indicate their intent to do so when voting their shares at *www.proxypush.com/ALLY* or on their proxy card. Beneficial owners who wish to attend the Annual Meeting in person must follow the registration instructions provided by their broker, bank, or other nominee. Requests to attend the Annual Meeting will be processed in the order in which they are received. On the day of the meeting, each stockholder, beneficial owner, or guest may be required to present a valid form of government-issued photo identification, such as a driver's license or passport, to gain admittance.

This proxy statement and related communications contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they do not relate strictly to historical or current facts-such as statements about the outlook for various financial and operating metrics and statements about future capital allocation and actions. Forward-looking statements often use words such as "believe," "expect," "anticipate," "intend," "pursue," "seek," "continue," "estimate," "project," "outlook," "forecast," "potential," "target," "objective," "trend," "plan," "goal," "initiative," "priorities," or other words of comparable meaning or future-tense or conditional verbs such as "may," "will," "should," "would," or "could." Forward-looking statements convey our expectations, intentions, or forecasts about future events, circumstances, or results. All forward-looking statements, by their nature, are subject to assumptions, risks, and uncertainties, which may change over time and many of which are beyond our control. You should not rely on any forward-looking statement as a prediction or guarantee about the future. Actual future objectives, strategies, plans, prospects, performance, conditions, or results may differ materially from those set forth in any forward-looking statement. Some of the factors that may cause actual results or other future events or circumstances to differ from those in forward-looking statements are described in our Annual Report on Form 10-K for the year ended December 31, 2019, our subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, or other applicable documents that are filed or furnished with the U.S. Securities and Exchange Commission (collectively, our SEC filings). Any forward-looking statement made by us or on our behalf speaks only as of the date that it was made. We do not undertake to update any forward-looking statement to reflect the impact of events, circumstances, or results that arise after the date that the statement was made, except as required by applicable securities laws. You, however, should consult further disclosures (including disclosures of a forward-looking nature) that we may make in any subsequent SEC filings.

This proxy statement and related communications contain specifically identified non-GAAP financial measures, which supplement the results that are reported according to generally accepted accounting principles in the United States (GAAP). These non-GAAP financial measures may be useful to investors but should not be viewed in isolation from, or as a substitute for, GAAP results. Differences between non-GAAP financial measures and comparable GAAP financial measures are reconciled in this proxy statement or the related communication.

Unless the context otherwise requires, the following definitions apply. The term "loans" means the following consumer and commercial products associated with our direct and indirect financing activities: loans, retail installment sales contracts, lines of credit, and other financing products excluding operating leases. The term "operating leases" means consumer- and commercial-vehicle lease agreements where Ally is the lessor and the lessee is generally not obligated to acquire ownership of the vehicle at lease-end or compensate Ally for the vehicle's residual value. The terms "lend," "finance," and "originate" mean our direct extension or origination of loans, our purchase or acquisition of loans, or our purchase of operating leases as applicable. The term "consumer" means all consumer products associated with our loan and operating-lease activities and all commercial retail installment sales contracts. The term "commercial" means all commercial products associated with our loan activities, other than commercial retail installment sales contracts.

PROPOSAL 1 – ELECTION OF DIRECTORS

BOARD COMPOSITION

The Board currently has 12 seats. The Board believes that this size is appropriate at the present time based on its assessment of the need for particular talents or other qualities, the benefits associated with a diversity of perspectives and backgrounds, the availability of qualified candidates, the workloads and needs of the Board's committees, and other relevant factors. All seats on the Board are up for election annually. The Board's Governance Guidelines (Governance Guidelines) provide that directors may not be reelected to the Board after reaching age 75, unless the Board waives this requirement.

The Compensation, Nominating and Governance Committee (**CNGC**) has recommended, and the Board has nominated, the following slate of 12 director candidates for election at the Annual Meeting to hold office until the next annual meeting of stockholders in 2021. This slate comprises all of the current directors of the Company. Each has agreed to be nominated and named in this proxy statement and to serve if elected.

Number of meetings in 2019				9	5	4	7

We expect that this will be an uncontested election of directors—that is, an election where the number of properly nominated director candidates does not exceed the number of directors to be elected. In that case, under our Bylaws, each director will be elected by a majority of the votes cast with respect to the director. A "majority of the votes cast" means that the number of shares voted **FOR** a director nominee must exceed the number of shares voted **AGAINST** that director nominee. Voting **ABSTAIN** in an uncontested election will have no effect on the outcome. The Company has adopted a director resignation policy providing that, if an incumbent director nominee fails to receive a majority of the votes cast in an uncontested election, the director must promptly tender a notice of resignation to the Company's Chief Executive Officer (**CEO**) or Secretary, which will become effective only upon acceptance by the Board. The CEO or the Secretary, as applicable, will relay a copy of the notice to the Chair of the Board and the Chair of the CNGC. The CNGC will make a recommendation to the Board as to whether the resignation should be accepted or rejected or whether other resignation. Within 90 days following certification of the election results, the Board will act on the resignation, taking into account the CNGC's recommendation and any other information judged by the Board to be relevant, and publicly disclose its decision in a filing with the U.S. Securities and Exchange Commission (**SEC**). If the Board rejects the director's resignation, under Delaware law, the director will continue to serve on the Board. If the Board accepts the director's resignation, the resulting vacancy or may reduce the size of the Board.

If the election of directors unexpectedly becomes contested—that is, an election where the number of properly nominated director candidates exceeds the number of directors to be elected—plurality voting will apply under our Bylaws. "Plurality voting" means that the seats on the Board will be filled by the director nominees who receive the highest number of FOR votes. Voting AGAINST or ABSTAIN in a contested election will have no effect on the outcome.

No cumulative voting rights exist in this election. If you are a beneficial owner of shares, your broker, bank, or other nominee is not permitted to vote your shares on this matter if no instruction is received from you.

We do not anticipate that any nominee will become unavailable for election. If that were to happen for any reason, however, the shares represented by proxies and voting for a nominee who unexpectedly becomes unavailable will be voted instead for a substitute candidate nominated by the Board, unless the Board elects to reduce its size.

The Board recommends that stockholders vote FOR the election of each of the 12 nominees to our Board.

DIRECTOR QUALIFICATIONS AND RESPONSIBILITIES

The Board recognizes that it is important for the Company's directors to possess a diverse array of backgrounds and skills, whether in terms of education, business acumen, accounting and financial expertise, risk-management experience, or experience with other organizations. When considering director candidates, the CNGC and the Board take into account these factors as well as other characteristics that, in their judgment, will contribute in a meaningful way to increasing the fundamental value of Ally and creating long-term value for stockholders. These characteristics include independence, the ability to understand Ally's primary risks and to advise management on Ally's strategic plans and objectives in the context of its risk profile, the ability to make independent and disinterested decisions in the balanced and best interests of Ally's stockholders as a whole, the ability and willingness to devote sufficient time and attention to Ally, personal and professional integrity, honesty, ethics, and values, and the candidate's overall fit within the existing mix of director characteristics. While not intended to be exhaustive, the following matrix highlights a number of relevant skills possessed by some or all of the 12 nominees.

In addition, the CNGC and the Board consider diversity in the characteristics of director candidates, including each candidate's perspective and background, with the ultimate aim of enhancing the Board's ability to perform its oversight function most effectively.

In their consideration of director candidates, the CNGC and the Board also take into account the Board's role to provide direction and oversight for the Company's business and affairs. In its oversight role, the Board's primary responsibilities are the following:

- overseeing Ally's strategy, including reviewing, advising management on, and monitoring performance against Ally's strategic plans and objectives while taking into account Ally's risk appetite, resources, and controls;
- selecting the CEO, and through the CNGC, (a) approving goals and compensation for, and evaluating the performance of, the CEO and other identified members of senior management, (b) overseeing succession plans for the CEO and other identified members of senior management, and (c) overseeing compensation policies relative to risks and applicable law;
- through the Risk Committee (RC), overseeing Ally's risk-management framework, including approving a risk appetite for Ally that aligns with its strategy and risk capacity and reviewing Ally's program for managing compliance risk;
- overseeing Ally's financial performance and condition, and through the Audit Committee (AC), monitoring the integrity of Ally's financial statements and financial-reporting process and the adequacy of its financial and other internal controls, including disclosure controls and procedures; and
- establishing the proper "tone at the top" for the culture and values of Ally, including approving Ally's code of conduct and ethics and monitoring management's promotion of integrity, honesty, and ethical and legal conduct throughout Ally.

The CNGC and the Board are dedicated to assembling directors who excel in fulfilling these responsibilities, exercise independent leadership and oversight of management, and operate in a cohesive and effective manner. Each director candidate possesses valued backgrounds, skills, and other characteristics, and collectively, these director candidates are positioned to meaningfully contribute to increasing the fundamental value of Ally and creating long-term value for stockholders.

The Board has affirmatively determined in its business judgment that each of Mr. Hobbs, Mr. Bacon, Ms. Shineman, Ms. Breakiron-Evans, Mr. Cary, Ms. Clark, Mr. Fennebresque, Ms. Magner, Mr. Sharples, Mr. Stack, and Mr. Steib is independent as defined in the New York Stock Exchange (**NYSE**) listing standards and applicable SEC rules (each **independent** and an **independent director**). The Board has determined that Mr. Brown, the Company's CEO, is not independent due to his position as an executive officer of the Company. In evaluating the independence of each director candidate, transactions, relationships, and arrangements between the director candidate or any related person or interest and the Company or any of its subsidiaries were assessed. These included a variety of financial-services relationships—such as deposit accounts, extensions of credit, and investment services—and one commercial arrangement involving the provision of services in the ordinary course of business to Ally. All of these transactions, relationships, and arrangements were judged to have been made on terms and under circumstances at least as favorable to the Company or its subsidiaries as those that were prevailing at the time for comparable transactions, relationships, or arrangements with unrelated persons or interests or those that would have applied to unrelated persons or interests. In addition, none of these transactions, relationships, or arrangements were determined to require disclosure under Item 404(a) of SEC Regulation S-K. The Board concluded as well that no independent director has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Set forth here is a brief description of the backgrounds, skills, and other characteristics that led the CNGC and the Board to conclude that the director candidates should be nominated for election at the Annual Meeting.

Biographical Information

Jeffrey J. Brown (JB) was named Chief Executive Officer of Ally Financial Inc. in February 2015, and also serves on its Board of Directors. Mr. Brown is driving Ally's evolution as a leading digital financial services company. Under his leadership, Ally is building on its strengths in auto financing, retail deposits and corporate financing, as well as diversifying its offerings to include digital wealth management and online brokerage, mortgage products, and point-of-sale lending. Mr. Brown has deep financial services experience, having previously served in a variety of executive leadership positions at Ally and other leading financial institutions. Prior to being named CEO, Mr. Brown was President and CEO of Ally's Dealer Financial Services business where he oversaw the company's auto finance, insurance and auto servicing operations. Mr. Brown joined Ally in March 2009 as Corporate Treasurer and, in 2011, was named Executive Vice President of Finance and Corporate Planning, where he oversaw the company's finance, treasury and corporate strategy initiatives. Mr. Brown received a bachelor's degree in economics from Clemson University and an executive master's degree in business from Queens University in Charlotte. He is deeply committed to advancing education and continual learning at Ally and in our communities. He serves on the Board of the Clemson University Foundation, an independent, not-for-profit entity that promotes the welfare and future development of Clemson University. In November 2019, Mr. Brown was announced as Chairman-Elect of the Queens University of Charlotte Board of Trustees and will succeed the Board's current chair on July 1, 2020. Mr. Brown has served on the Queens University Board since 2015. In 2018, Mr. Brown was appointed by the Board of Directors of the Federal Reserve Bank of Chicago to serve as the Federal Advisory Council (FAC) representative for the Seventh Federal Reserve District. Mr. Brown will serve as vice president of FAC in 2020.

Qualifications

Mr. Brown is nominated to be a director because he brings experience in senior executive leadership, the financial-services industry, regulatory and governmental matters, risk management, and technology. Mr. Brown also brings extensive experience gained as the Chief Executive Officer of Ally and through other key leadership positions at the Company.

BOARD GOVERNANCE MATTERS

In identifying and recommending candidates to stand for election to the Board, the CNGC may consider existing directors for renomination and may use search firms or other resources to identify other potential director candidates. The CNGC also considers potential director candidates who are recommended by stockholders in compliance with applicable law and listing rules and our Bylaws. Stockholders desiring to recommend candidates for membership on the Board for consideration by the CNGC should address their recommendations in writing, including all information required by our Bylaws, to the Compensation, Nominating and Governance Committee of the Board of Directors, Ally Financial Inc., Attention: Corporate Secretary, 500 Woodward Avenue, MC: MI-01-10-CORPSEC, Detroit, Michigan 48226. The CNGC uses the same criteria to evaluate all potential director candidates regardless of how they have been identified.

The effectiveness of these policies and processes for identifying and considering potential director candidates is assessed by the CNGC in connection with its periodic evaluation of the performance of the Board and each committee as contemplated by the Governance Guidelines.

MEETING ATTENDANCE

Directors are strongly encouraged to attend each annual meeting of stockholders in order to provide an opportunity for informal communication between directors and stockholders and to enhance the Board's understanding of stockholder priorities and perspectives. All existing directors attended the last annual meeting of stockholders on May 7, 2019.

The Board met eight times during 2019. Each nominee who is currently a director attended at least 75% of the aggregate of (1) the total number of meetings held in 2019 by the Board during the period when the director was serving in that capacity and (2) the total number of meetings held in 2019 by all applicable committees during the period when the director was serving on those committees.

THE BOARD'S LEADERSHIP STRUCTURE

Under our Bylaws, a majority of the full Board elects the chairperson. Whenever the chairperson does not qualify as an independent director, the independent directors—by a majority vote at a meeting consisting solely of independent directors—elects one of the independent directors as lead director. Mr. Hobbs serves as the Chairman of the Board and is a non-executive and independent director. Mr. Brown is our CEO.

The Board believes that separating the roles of Chairman and CEO is currently in the best interests of the Company and its stockholders because, based on the Company's present circumstances, the structure provides a balance between strategic development and independent oversight of management. The Board, however, maintains its flexibility to make this determination at any time to provide appropriate leadership for the Company as circumstances warrant.

Our Bylaws provide that the chairperson (or in the chairperson's absence, the lead director if one exists or, if none exists, an alternate director designated by a majority of the independent directors then present) will preside at Board meetings. Under the Governance Guidelines, the chairperson also has the following responsibilities: (1) serve as a liaison between the independent directors and management, (2) periodically communicate with the CEO to discuss matters of importance to the independent directors, (3) provide for adequate deliberations on all agenda items and other matters properly brought before the Board, and (4) perform other duties that are appropriate for a non-executive chair and that a majority of the independent directors may identify from time to time.

COMMITTEES OF THE BOARD

The standing committees of the Board are the CNGC, the AC, the RC, and the Digital Transformation Committee (**DTC**). The membership of these committees during 2019 and the total number of their meetings in 2019 are detailed in the table in Proposal 1.

Compensation, Nominating and Governance Committee

The CNGC assists the Board in overseeing:

- the establishment, maintenance, and administration of Ally's executive-compensation plans, which includes evaluating, determining, and approving the goals and compensation of the CEO, the other individuals who are designated as officers or executive officers (together with the CEO, the Executive Officers) under SEC Rule 16a-1 or 3b-7 respectively, and other executives designated by the CNGC as under its purview (together with the Executive Officers, the Purview Executives);
- Ally's executive-leadership development and succession planning, the compensation of non-employee directors, and the disclosure of executive-compensation matters as required by applicable law;
- the identification of qualified individuals for membership on the Board, evaluations of the performance of the Board, its committees, and management, and the development and administration of corporate-governance guidelines and other corporate-governance practices; and
- the review and evaluation of all related-person transactions to the extent required by Ally's governing documents or policies or applicable law.

The Board has determined that all members of the CNGC are qualified to serve on the CNGC under applicable SEC rules, NYSE listing standards, and rules of the Department of the Treasury (including the independence, non-employee-director, and outside-director requirements for compensation-committee members).

A narrative description of the processes for considering and determining executive and director compensation—including (1) the CNGC's authority and the extent to which that authority may be delegated and (2) the roles of Ally's executive officers and compensation consultants in determining or recommending the amount or form of executive and director compensation—can be found in *Compensation Discussion and Analysis* and *Director Compensation* later in this proxy statement.

The CNGC's policies on the nomination process for directors can be found in *Director Qualifications and Responsibilities* earlier in this proxy statement.

Audit Committee

The AC is a separately designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 as amended (Exchange Act). The AC assists the Board in overseeing:

- Ally's accounting and financial reporting;
- the appointment, qualifications, independence, and performance of Ally's independent registered public accounting firm;
- the performance and independence of Ally's internal audit function;
- Ally's compliance with legal and regulatory requirements; and
- in conjunction with the RC, the effectiveness of Ally's risk management and internal controls in connection with the foregoing.

The Board has determined that all members of the AC are qualified to serve on the AC under applicable SEC rules and NYSE listing standards (including the independence and financial-literacy requirements for audit-committee members) and have accounting or related financial management expertise under applicable NYSE listing standards. The Board also has determined that Mr. Cary, Ms. Breakiron-Evans, Ms. Clark, and Mr. Stack are audit-committee financial experts under applicable SEC rules. None of the members of the AC simultaneously serve on more than three public-company audit committees.

Additional information about the AC can be found in the Audit Committee Report later in this proxy statement.

Risk Committee

The RC assists the Board in overseeing Ally's risk-management policies and global risk-management framework, including its riskappetite framework and its program for managing compliance risk. The RC establishes and approves the risk-appetite framework, including the risk-appetite and risk-culture statement, the material-risk taxonomy, risk guardrails, and risk metrics. In addition, the RC approves the appointment, retention, performance evaluation, and compensation of the Chief Risk Officer, who directly reports to both the RC and the CEO and reviews the qualifications and independence of the Chief Risk Officer.

Additional information about the RC can be found in *Risk Management* later in this proxy statement.

Digital Transformation Committee

The DTC assists the Board in overseeing strategies for maximizing customer and stockholder value by understanding and capitalizing on industry changes and customer channels created by digital technologies.

The DTC reviews and reports to the Board on significant technologically driven developments that may impact Ally and the industries it serves, management's strategies for maximizing the value to stockholders that can be created by these developments, and management's strategies for capitalizing on alternative sources of revenues and profits generated through digital channels.

RISK MANAGEMENT

The Board's primary responsibilities include, through the RC, overseeing Ally's risk-management framework, including approving a risk appetite for Ally that aligns with its strategy and risk capacity and reviewing Ally's program for managing compliance risk.

The RC is composed of only independent directors and has oversight over Ally's global risk-management framework. Among the RC's specific duties are the following:

- review Ally's global risk-management framework and oversee management's responsibility for ensuring that the framework is commensurate with Ally's structure, risk profile, complexity, activities, and size;
- review reports from the Chief Risk Officer on the risk-management policies of Ally's global operations and the operation of its global risk-management framework, including reports on risk-management deficiencies, the resolution of those deficiencies, and emerging risks;
- review reports and trends on Ally's material risks as set forth in its risk-appetite framework and reports from management on its actions to assess, monitor, and control those risks;
- review reports and trends on Ally's liquidity planning and capital-management processes, and at least annually, review and approve the contingency-funding plan, any material revisions to it, and stress-test policies and procedures;
- review reports and trends on Ally's program for managing compliance risk;
- review reports on the new-product-approval process, including risks and performance of high-risk-rated products and alignment to the risk-appetite framework;
- review reports and trends on Ally's information-technology risks (including cybersecurity risk) and related risk-mitigation plans;
- at least annually, review and approve Ally's business-continuity-and-testing plans;
- at least annually, review and approve Ally's model-risk-management plan, and periodically review reports and trends on Ally's model-risk-management program; and
- at least annually, approve Ally's loan-review plan, and periodically review reports from Ally's loan-review function.

The RC also meets in joint session with the AC, at least annually, to discuss with management the guidelines and policies for assessing and managing Ally's exposure to risks, including major financial risk exposures, and the steps management has taken to monitor, control, report on, and, as necessary, disclose those exposures.

In addition, the CNGC is responsible for overseeing the management of risks relating to Ally's executive-compensation policies and practices and confirming that those policies and practices do not encourage excessive or unnecessary risk taking and that any level of risk that they do encourage is not reasonably likely to have a material adverse effect on Ally. The AC correspondingly has responsibility to oversee the effectiveness of Ally's risk management and internal controls that are designed to (1) safeguard assets, (2) confirm the accuracy and integrity of accounting, financial reporting, and disclosures, (3) maintain compliance with ethical standards, policies, procedures, and applicable laws, and (4) promote effectiveness and efficiency of operations.

While each of these committees is responsible for evaluating specified risks and overseeing the management of those risks, the full Board is regularly updated on the state of Ally's risk profile, risk appetites, and enterprise-wide risk-management program and considers them in assessing and directing Ally's strategy and business. Our independent Chairman and our CEO are individually focused as well on Ally's risk-management policies and practices.

COMMUNICATIONS WITH THE BOARD

Under the Governance Guidelines, stockholders and other members of the public may communicate with the Board, the Chairman of the Board, any other individual director, the non-management directors as a group, the independent directors as a group, or any committee of the Board by sending written correspondence in care of the Ally Financial Inc. Corporate Secretary, 500 Woodward Avenue, MC: MI-01-10-CORPSEC, Detroit, Michigan 48226. The Secretary will forward correspondence relating to a director's duties or responsibilities to the specified recipient. Correspondence that is unrelated to a director's duties and responsibilities may be discarded or otherwise addressed by the Secretary. Any correspondence that expresses a concern about any governance, conduct, ethical, accounting, financial-reporting, or internal-control matter will be addressed as provided in the Governance Guidelines.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No person who served as a member of the CNGC during the year ended December 31, 2019—Kim S. Fennebresque, Franklin W. Hobbs, Marjorie Magner, and John J. Stack—(1) was an officer or employee of the Company during 2019, (2) was a former officer of the Company, or (3) had any relationship requiring disclosure by the Company under any paragraph of Item 404 of SEC Regulation S-K. No executive officer of Ally served on any board of directors or compensation committee of any other entity for which any of our directors served as an executive officer at any time during the year ended December 31, 2019.

CORPORATE SOCIAL RESPONSIBILITY

We strive to be a relentless ally for social good.

For customers, we deliver innovative products and services to give them the confidence and freedom to make positive financial choices that will help improve their own lives and the lives of those around them.

For stockholders, we are focused on increasing the fundamental value of Ally and driving long-term stockholder value.

For employees, we emphasize a working environment and company culture that embrace diverse talents and unique perspectives, where colleagues feel valued as both individuals and members of the team. Diversity and inclusion are foundational to our success as a company.

For communities where we live and work, we are dedicated to economic mobility with the aim of improving individual well-being and strengthening families and communities.

FINANCIAL IMPACT

~\$9.8мм

of Ally grants, sponsorships, employee giving, and CRA efforts for 501(c)(3) organizations in 2019

and approximately 45% of Ally teammates gave back through volunteering to ~700 charitable organizations in 2019

ECONOMIC MOBILITY

commitment to launch our new signature economic-mobility program, Local Initiatives Support Corporation (LISC)

maximum lifetime benefit for each of Ally's recently announced education-assistance programs, including (i) student-loan paydown and (ii) 529 savings contributions

DIRECTOR COMPENSATION

Our director-compensation program is designed to attract and retain directors with the characteristics described in *Director Qualifications and Responsibilities* earlier in this proxy statement and to provide fair compensation for the work required of a director in a company with Ally's size, scope, business model, and risk profile. The program is reviewed by the CNGC—with advice from its compensation consultant, Frederic W. Cook & Co., Inc. (FW Cook)—and approved by the Board consistent with the Ally Financial Inc. Non-Employee Directors Equity Compensation Plan, amended and restated effective May 2, 2017, as approved by our stockholders.

Consistent with the Governance Guidelines, Mr. Brown does not receive any separate compensation for his service on the Board.

Details of the director-compensation program for 2019 are set forth in the following table.

PAY COMPONENT	NON-EMPLOYEE DIRECTOR COMPENSATION
Initial Equity Grant	\$100,000 ⁽¹⁾
Annual Cash Retainer	■ \$90,000 ⁽²⁾
Annual Equity Retainer	■ \$135,000 ⁽³⁾
Annual Retainer - Board Chair	■ Cash: \$60,000 ⁽²⁾
	Equity: \$90,000 ⁽³⁾
Annual Cash Retainer - Committee Chairs ⁽²⁾	AC: \$60,000
	RC: \$60,000
	CNGC: \$50,000
	DTC: \$50,000
Annual Cash Retainer - Committee Members ⁽²⁾	\$20,000

(1) Consists of director deferred stock units, each of which represents the right to receive one share of our common stock upon the director's departure from the Board (Director DSUs). Director DSUs comprising the initial equity grant vest quarterly over one year.

(2) Paid in quarterly installments.

(3) Consists of Director DSUs that vest immediately. This amount is prorated for directors who join the Board after the annual meeting of stockholders.

Consistent with the Governance Guidelines, non-employee directors are reimbursed for reasonable out-of-pocket expenses related to their service on the Board. Furthermore, under our Certificate of Incorporation, directors are limited in their liability and indemnified to the fullest extent permitted by Delaware law for their service in that capacity.

Ally allows its non-employee directors to defer from 0% to 100% of their cash retainers in 25% increments. These deferrals can be made into either fully vested Director DSUs or a cash account that is credited with interest quarterly. Interest earned on a cash account is based on the average rate offered by Ally Bank for deposits in its online savings accounts.

The following table describes compensation for non-employee directors who served during fiscal year 2019.

2019	Director	Compensation	Table

(a) Includes Director DSUs received as part of the annual retainer payments.

(b) Includes Director DSUs received resulting from an election to defer cash payments owed to the director in the form of Director DSUs. The number of Director DSUs granted is determined by the fair market value of Ally's common stock on the applicable grant date.

OTHER GOVERNANCE POLICIES AND PRACTICES

CODE OF CONDUCT AND ETHICS

Our Board has adopted a Code of Conduct and Ethics to promote integrity in the workplace, in the marketplace, and in our communities. The Code of Conduct and Ethics applies to all of Ally's officers and employees, including the CEO, the Chief Financial Officer (CFO), and the Controller. We will post any amendment to the Code of Conduct and Ethics, as well as any waiver that is required to be disclosed under applicable SEC rules or NYSE listing standards, on the Company's website at *http://www.ally.com/about/investor/policies-charters/*. There were no waivers from any provision of the Code of Conduct and Ethics in 2019 that were required to be disclosed.

TRANSACTIONS WITH RELATED PERSONS

The Board has adopted a written Related-Person Transaction Policy (**Related-Person Transaction Policy**), which is included within the Governance Guidelines and which requires the CNGC to review and approve or ratify any related-person transaction.

A **related-person transaction** is any existing or proposed transaction, arrangement, or relationship, or any existing or proposed series of similar transactions, arrangements, or relationships, where (a) Ally or any of its subsidiaries was or will be a participant, (b) the amount involved exceeds \$120,000, and (c) any related person had or will have a direct or indirect material interest. A **related person** is any Ally director or director nominee, any executive officer of Ally under Rule 3b-7 of the Exchange Act, any beneficial owner of more than 5% of any class of Ally's voting securities, and any immediate family member of any of the foregoing. An **immediate family member** is any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law—including, in each case, adoptive relationships—and any person (other than a tenant or employee) sharing the same household.

The related person involved in a potential related-person transaction must promptly submit it to Ally's General Counsel for initial review. The submission must describe (a) the related person's name and relationship to Ally, (b) all of the related person's direct and indirect interests in the transaction, including the related person's positions and relationships with, and ownership interests in, any firm, corporation, or other entity that is involved in the transaction, (c) the approximate dollar value of the amount involved in the transaction and the amount of all of the related person's direct and indirect interests in the transaction, in each case, determined without regard to the amount of profit or loss, and (d) all other material information about the transaction and the related person's involvement in it.

The General Counsel will refer submitted related-person transactions to the CNGC for review and approval or ratification. Facts and circumstances taken into account by the CNGC when determining whether to approve or ratify a related-person transaction may include (a) its terms, (b) the nature and extent of the related person's interest in it, (c) the benefits likely to accrue to Ally, (d) whether its consummation is consistent with the best interests of Ally and its stockholders, (e) whether it presents a heightened risk of conflicts of interest, an improper valuation, or the perception of such a conflict or improper valuation, (f) any impact on a director's independence, (g) the availability of other comparable transactions, arrangements, or relationships, and (h) whether it is on terms no less favorable than those generally available to an unaffiliated third party under the same or similar circumstances or on terms comparable to those provided to Ally's employees generally. If the CNGC does not approve or ratify a related-person transaction or if any conditions imposed on the approval or ratification are not satisfied, Ally may not enter into or otherwise be involved in the transaction or, if already executed, must rescind or terminate the transaction as promptly and on as favorable of terms as reasonably possible. No member of the CNGC may participate in any review or consideration of any related-person transaction involving the member, the member's immediate family, or any related entity, although the member may be counted for purposes of determining the presence of a quorum at the meeting.

No review, approval, or ratification is required for a transaction, arrangement, or relationship (a) where the rates or charges involved are determined by competitive bids, (b) involving the rendering of services as a common or contract carrier or a public utility at rates or charges fixed in conformity with law or governmental authority, (c) involving services as a bank depositary of funds, transfer agent, registrar, trustee under a trust indenture, or similar services, (d) where the interest of the related person arises solely from the ownership of a class of Ally's equity securities and all holders of that class of equity securities receive the same benefit on a pro rata basis, or (e) involving indebtedness extended by any of Ally's banking or broker-dealer subsidiaries if the extension of credit was made in the ordinary course of business, was made on substantially the same terms as those prevailing at the time for comparable transactions with unrelated persons, and did not involve more than the normal risk of collectability or present other unfavorable features.

There has been no transaction since January 1, 2019, that is required to be reported under Item 404(a) of SEC Regulation S-K but that did not require review and approval or ratification under the Related-Person Transaction Policy or for which the Related-Person Transaction Policy was not followed.

SUBMISSION OF STOCKHOLDER PROPOSALS

Any proposal that a stockholder wishes to be considered for inclusion in Ally's proxy materials for the 2021 annual meeting of stockholders pursuant to SEC Rule 14a-8 must be received in writing by Ally not later than November 12, 2020. We recommend that any stockholder proposal be delivered by means that provide proof of the date of delivery, such as certified mail (postage prepaid and return receipt requested). Please note that SEC Rule 14a-8 addresses when we must include a stockholder proposal in our proxy materials, including eligibility and procedural requirements that apply to the proponent.

Any stockholder proposal that is not submitted for inclusion in our proxy materials for the 2021 annual meeting of stockholders under SEC Rule 14a-8 (including any director nomination) but that is sought to be presented at that annual meeting under our Bylaws must be received in writing by Ally not earlier than December 29, 2020, and not later than January 28, 2021. Such a proposal (including any director nomination) also must satisfy the information and other requirements specified in our Bylaws, which are available on our web site at https://www.ally.com/resources/pdf/corporate/Bylaws.pdf.

Any stockholder proposal (including any director nomination) submitted to Ally in connection with the 2021 annual meeting of stockholders must be received at the following address: Ally Financial Inc., Corporate Secretary, 500 Woodward Avenue, Mail Code MI-01-10-CORPSEC, Detroit, Michigan 48226.

SECURITY OWNERSHIP OF DIRECTORS, NOMINEES, AND EXECUTIVE OFFICERS

The following tables set forth information, at the close of business on March 4, 2020, concerning the number of shares of common stock and stock-settled units of the Company **beneficially owned** (as defined in SEC Rule 13d-3) by each director, nominee, and NEO (as defined in the *Compensation Discussion and Analysis* later in this proxy statement) as well as all directors and **executive officers** (as defined in SEC Rule 3b-7) as a group. Our executive officers under SEC Rule 3b-7 are also the individuals designated as our officers under Section 16(a) of the Exchange Act and SEC Rule 16a-1. Each of the individuals listed in the following table owns less than one percent of the outstanding shares of our common stock, and all directors and executive officers as a group own less than one percent of the outstanding shares of our common stock. The persons named have furnished this information to us.

(a) Comprises all vested stock-settled units and all stock-settled units that will vest within 60 days of March 4, 2020.

(b) Under SEC rules, stock units are not treated as beneficially owned if the holder does not have the right to acquire the underlying stock within 60 days of March 4, 2020, or if the stock units will be settled in cash and therefore do not represent the right to acquire stock. Amounts reflected in the following table comprise beneficially owned units included in the table above as well as time-based restricted stock units (**RSUs**) and performance-based restricted stock units (**PSUs**) that are excluded from the table above. For tax purposes, a portion of the RSUs were issued as restricted stock awards rather than as restricted stock units, but we include all of them in the term RSUs.

	Beneficially Owned				
Name	Shares of Common Stock	Stock-Settled Units	Number of RSUs ⁽¹⁾	Number of PSUs ⁽¹⁾	Total
Jeffrey J. Brown	385,875	-	215,673	349,590	951,138

Douglas R. Timmerman	76,801	72,646	100	60,410	209,957

(1) RSUs and PSUs settle in shares of Ally common stock. For PSUs whose performance period has not ended, the number reflects shares to be received assuming the related performance goals are achieved at the target. For further information on all equity-based awards, refer to Compensation Discussion and Analysis—Components of Ally's Compensation Program—Long-Term Equity-Based Incentive Awards later in this proxy statement.

(c) Stock-settled units for Mr. Timmerman include RSUs and PSUs that are nonforfeitable because he has attained retirement eligibility pursuant to the terms of the awards.

The CEO, all other Purview Executives, all directors, any other employee identified by Ally's General Counsel or Chief Compliance Officer, and all of their affiliated persons are subject to personal trading restrictions to further align the interests of management and directors with those of stockholders. For purposes of these personal trading restrictions, **affiliated persons** are any member of the person's household and any other person or entity whose trading or other investment transactions are controlled by the person. The restrictions apply to all of Ally's securities, including common stock, preferred stock, and debt. In the absence of an exception granted in accordance with Ally's Enterprise General Insider Trading and Blackout Policy, the restrictions prohibit (1) any transaction that hedges the person's economic interest in and exposure to the full rewards and risks of ownership in a security of Ally, (2) any put or call option, futures contract, forward contract, swap, or other derivative transaction that relates to a security of Ally and any similar speculative transaction (excluding, for clarity, any transaction under Ally's compensation plans), (3) any short sale, including a short sale against the box, of a security of Ally, (4) any pledge of a security of Ally as collateral, including through a margin account (excluding, for clarity, any pledge to a charitable organization that is recognized as such under applicable tax law), and (5) any limit order involving a security of Ally (excluding a limit order that by its terms is automatically canceled if not filled before the end of the same trading day).

Executive Summary

2019 Business Highlights

In 2019, Ally achieved multiple milestones that demonstrated our continued success in executing on our strategic priorities, including the highest total net revenue and highest adjusted earnings per share (Adjusted EPS) since becoming a public company. In recognition of our financial and operational accomplishments, we received investment-grade credit ratings from Standard & Poor's and Fitch Ratings for the first time since 2005.

Earnings per share (**EPS**) of \$4.34 in 2019 were up 47% year over year, while Adjusted EPS of \$3.72 increased 12% year over year. We generated a Return on Equity (**ROE**) of 12.4% in 2019 and a Core Return on Tangible Common Equity (**Core ROTCE**) of 12.0%. Total deposits increased by \$14.6 billion for the year to \$120.8 billion, which was supported by the addition of 322 thousand retail deposit customers for a total of 1.97 million retail deposit customers at year-end.

We successfully returned approximately \$1.3 billion of capital to stockholders in 2019 through dividends and share repurchases. Since the inception of our share-repurchase program in the third quarter of 2016, we have repurchased 121 million shares, and outstanding share count has declined by 22.6%.

Our auto-finance business leveraged its strong dealer relationships and leading market position to expand risk-adjusted returns on \$36.3 billion of consumer auto originations in 2019, which were sourced from a record 12.6 million decisioned applications. Retail auto portfolio yield expanded by 46 basis points year over year to 6.6%, while the retail auto net charge-off rate declined 4 basis points to 1.29%.

Ally celebrated the 100-year anniversary of its auto-finance business, the 20-year anniversary of its corporate-finance business, the 10year anniversary of Ally Bank, and the 5-year anniversary of its initial public offering in 2019. During this momentous year in the company's history, we continued to diversify into new businesses and to grow and optimize existing ones, all the while embracing our purpose-driven culture centered around the mantra to 'Do It Right.' Going forward, we will strive to build on this momentum, serve our customers at the highest level, and deliver sustainable long-term value to all of our stakeholders.

Additional highlights from 2019 are set forth in the following table. These highlights and other portions of this CD&A include non-GAAP financial measures—such as Adjusted EPS and Core ROTCE. Non-GAAP financial measures supplement the results that are reported according to GAAP and may be useful to readers, but they should not be viewed in isolation from, or as a substitute for, GAAP results. The differences between non-GAAP financial measures and comparable GAAP financial measures are reconciled in **Appendix A** of this proxy statement.

Ally's Executive-Compensation Program

Ally believes that there should be a strong linkage between compensation and performance as well as alignment with good governance principles and stockholder interests. This linkage is embodied throughout our executive-compensation program, including (1) the Annual Incentive Plan (Incentive Plan), which governs awards of cash-based incentive compensation, and (2) the Incentive Compensation Plan (ICP), which governs awards of equity-based incentive compensation.

2019 Compensation Decisions

In late 2019 and early 2020, the CNGC determined the total compensation for each of the NEOs under our executive-compensation program based on performance in 2019. Refer to *Compensation Program Governance—CNGC Process* later in this CD&A. The following table summarizes the CNGC's decisions on total compensation (base salary, cash-based incentive awards, PSUs, and RSUs) for the NEOs for 2019 performance under our executive-compensation program.

	Jeffrey J. Brown	Jennifer A. LaClair	Diane E. Morais	Scott A. Stengel	Douglas R. Timmerman
Base Salary (Annualized)	\$ 1,000,000	\$ 600,000	\$ 600,000	\$ 550,000	\$ 600,000
Cash Incentive	3,600,000	1,150,000	1,250,000	625,000	1,300,000
PSU	3,450,000	875,000	925,000	587,500	950,000
RSU	3,450,000	875,000	925,000	587,500	950,000
Total Compensation	\$11,500,000	\$3,500,000	\$3,700,000	\$2,350,000	\$3,800,000

This table is not meant to be a substitute for the *Summary Compensation Table* set forth later in this proxy statement but is provided to show the compensation approved by the CNGC for the NEOs' performance during 2019. The values in this table differ from those shown in the *Summary Compensation Table* due to SEC rules requiring that salary be reported for the past year rather than the coming year and that equity-based awards be reported based on the year of grant rather than the service year to which they relate. Accordingly, the base salary and the PSUs and RSUs reflected in this table will be reported in next year's Summary Compensation Table, as they were effective or granted in 2020. The value of PSUs reflected in this table assume that the related performance goals are achieved at the target. For further information on all equity-based awards, refer to *Components of Ally's Compensation Program—Long-Term Equity-Based Incentive Awards* later in this CD&A.

Compensation Design

Compensation Philosophy

Ally's compensation philosophy is that there should be a strong linkage between compensation and performance as well as alignment with good governance principles and stockholder interests. In support of this compensation philosophy, Ally's executive-compensation program is structured to:

- Align with long-term value creation for our stockholders;
- Provide appropriate short- and long-term incentives based on individual, business, and Company performance;
- Encourage prudent, but not excessive, risk taking;
- Provide a total compensation opportunity competitive with market practice and reflective of the responsibilities of the role; and
- Encourage retention of key executives.

Elements and Mix of Executive Compensation

Total compensation under Ally's executive-compensation program is primarily composed of cash base salary, annual cash-based incentive awards, and long-term equity-based incentive awards.

Total Pay Mix — The following table illustrates the target mix of compensation for our CEO and the other NEOs. References to cash encompass both base salary and annual cash-based incentives.

Total Compensation

- Cash Base Salaries Base salary is determined based on internal and external market levels for the responsibilities of each NEO and individual considerations of performance and experience.
- Incentive Awards Incentive awards are funded through an annual incentive pool based on Ally's financial performance, with the pool then allocated based on evaluations of the attainment of individual performance objectives.
 - i. Annual Cash-Based Incentive Awards A portion of the incentive awards for NEOs is delivered in the form of annual cashbased incentive awards.
 - ii. Long-Term Equity-Based Incentive Awards A portion of the incentive awards for NEOs is delivered in the form of (1) PSUs that vest in whole on the third anniversary of the grant date, subject to the achievement of applicable performance goals and continued employment through that time, and (2) RSUs that vest one-third on each of the first, second, and third anniversaries of the grant date, in each case, subject to continued employment through that time. PSUs and RSUs are settled in shares of Ally's common stock.

Compensation Program Governance

In addition to implementing a performance-based compensation framework, Ally has strong compensation governance as demonstrated by the following practices that apply to our NEOs.

Our Practices

- Alignment of pay with performance through use of annual and long-term incentives for a majority of NEOs' total compensation
- Alignment of NEOs' interests with those of our stockholders by awarding 50% or more of total compensation in the form of long-term equity-based incentives
- ✓ Annual risk assessments of our compensation program and the risk-management behavior of each of the NEOs
- ✓ Meaningful stock-ownership guidelines
- ✓ Enforcement of stock-trading restrictions
- ✓ Enhanced clawback policy applicable to all incentives
- \checkmark Utilization of a compensation consultant by the CNGC

Excluded Practices

- X No hedging or pledging of Company stock
- X No excessive perquisites or executive retirement benefits
- X No guaranteed incentive payouts for NEOs
- X No single-trigger payments or vesting upon a change in control
- X No employment agreements
- X No tax gross-ups for excise or income taxes

Consideration of Stockholder Say-on-Pay Votes

At our 2019 annual meeting, we provided our stockholders the opportunity to vote on an advisory resolution approving the compensation paid to our NEOs in 2018. Approximately 95% of the outstanding shares present in person or represented by proxy at that meeting and entitled to vote on the proposal voted in support of the resolution. The CNGC will continue to monitor the feedback we receive from our stockholders through say-on-pay advisory votes and other channels and will consider this feedback in overseeing our executive-compensation program.

CNGC Process

Ally's executive-compensation program is overseen by the CNGC. In its deliberations on compensation matters, the CNGC seeks the input of Ally's independent risk-management function and also consults with the Chairs of the RC and the AC as appropriate. Neither the CEO nor the other NEOs are present for their respective pay discussions.

Compensation recommendations for the NEOs other than the CEO are presented to and discussed with the CNGC by the CEO. Factors that were discussed and considered by the CNGC include Ally's financial and operating results, business-unit or corporatefunction results, individual performance evaluations, risk scorecards, control-function input, and internal and external market data. The CEO's unique insight into our business and day-to-day interaction with the NEOs provide a valuable perspective to the CNGC for its deliberations. The CNGC then evaluates the NEOs and determines and approves their compensation.

The CNGC evaluates the CEO and determines and approves his compensation without his involvement.

The Company engaged Pearl Meyer & Partners to provide consulting assistance on matters pertaining to executive compensation, including an updated competitive assessment of the compensation for Purview Executives.

FW Cook served as a compensation consultant to the CNGC during 2019 and for the 2019–2020 compensation cycle. The CNGC is directly responsible for the appointment, compensation, and oversight of the work of FW Cook. FW Cook provides ongoing advice with respect to the compensation plans covering the executives, including our NEOs, and non-employee directors. FW Cook, as requested, attends meetings of the CNGC involving compensation matters, reviews compensation materials developed by management in advance of the CNGC meetings, and shares information on market practices and trends with the CNGC. FW Cook undertakes no separate work for Ally. The CNGC assessed the independence of FW Cook under applicable NYSE listing standards and SEC rules and determined that its work for the CNGC does not raise any conflicts of interest.

No Executive Employment Agreements

The NEOs are employed on an at-will basis, and no NEO is party to an employment agreement with the Company.

Severance

The NEOs are eligible for benefits under the Ally Financial Inc. Severance Plan. See Potential Payments Upon a Termination later in this proxy statement.

Clawback Provisions and Loss Trigger Review

In connection with its executive-compensation risk assessment in 2019, the Company reviewed and confirmed its right to recoup cash and equity incentive payments in the event those payments were based on a materially inaccurate statement of earnings or other performance criteria, a material misrepresentation or a mistake irrespective of the source or cause, or other similar conduct or circumstances. A recipient who fails to promptly repay Ally in such an event is subject to termination of employment.

Ally also engages in a "loss trigger" review, which is applicable to Material Risk Takers (**MRTs**) who received deferred incentivecompensation awards (cash- or equity-based) for any year in which they were classified as MRTs. Prior to the payout of any deferred incentive-compensation award to an MRT, the Company determines if a significant loss or other negative risk outcome has occurred that relates to the risk-taking activities of the MRT. The Company's senior leadership is responsible for assessing the involvement and responsibility of the MRT in such a significant loss or other negative risk outcome and may recommend a downward adjustment or forfeiture of any unpaid portion of the incentive compensation awarded to the MRT. Any recommended reduction or forfeiture of deferred incentive compensation is subject to review and approval by the CNGC as provided in our Enterprise Material Risk Taker Policy.

Stock-Ownership Guidelines

The Board believes that the interests of management and stockholders are further aligned by stock-ownership guidelines for the CEO and other Purview Executives. As a result, the Governance Guidelines provide for the following minimum ownership levels:

Officer	Stock-Ownership Requirement			
CEO	6 times cash base salary			
Other NEOs	3 times cash base salary			
Other Purview Executives	2 times cash base salary			

Ownership is generally based on whether the executive is meaningfully exposed to changes in the share price of Ally stock and, as a result, includes 100% of shares owned outright, 50% of unvested RSUs, and 50% of earned but unvested PSUs. The Board understands, however, that some period of time will be required for a newly employed or promoted executive to accumulate the requisite shares and that family or other personal reasons may necessitate a sale of accumulated shares. To ensure that the purposes of these stock-ownership guidelines are achieved, whenever the minimum ownership level is not achieved or maintained, the executive must retain 50% of the net (after tax) shares received from any equity grant that has been made since Ally's initial public offering.

Anti-Hedging and Anti-Pledging Policies

The CEO and other Purview Executives are subject to personal trading restrictions, including anti-hedging and anti-pledging policies, to further align the interests of management with those of stockholders. Refer to *Stock Ownership—Security Ownership of Directors, Nominees, and Executive Officers* earlier in this proxy statement for more information.

Assessing Compensation Competitiveness

We compare the total compensation of our NEOs against that of executives of companies with whom we compete for senior-executive talent. We use publicly available pay data from a peer group of companies approved by the CNGC to conduct the competitive assessment for the CEO and CFO positions.

Ally's peer group comprised the 17 banking and financial-services companies listed in the following table:

BB&T	Discover	PNC Financial
Capital One	Fifth Third Bancorp	Regions Financial
 Charles Schwab	Huntington Bancshares	Sun Trust Banks
CIT Group	KeyCorp	Synchrony Financial
Citizens Financial Group	M&T Bank	U.S. Bancorp
Comerica	Navient	

For the other NEO and senior-executive positions, we use market-survey data from multiple sources to conduct competitive assessments. When practical, the market surveys include companies that are part of the peer group approved by the CNGC. Updated 2019 survey data used for the remaining NEOs and other senior executives came from one or more sources, including the AON Hewitt Total Compensation Measurement[™] Executive Survey, the AON Hewitt Total Compensation Measurement[™] Financial Services Executive Survey, the Willis Towers Watson Executive Financial Services Survey, the McLagan Partners Consumer Banking Survey, the McLagan Partners Financial Services Digital Survey, and the McLagan Partners Financial Services Executive Management Survey. Because multiple sources were used and not all survey participants provided data for all of the positions served by the remaining NEOs, it is not possible to identify the survey participants included in the competitive data analyzed for positions other than the CEO and the CFO.

When we measure the compensation of our NEOs against the peer group and survey data, we compare our compensation to the median. On an individual basis, compensation for any executive may be set above or below the median based on a variety of factors, including time in the position, sustained performance over time, criticalness to retain, and skill set and experience relative to external market counterparts. Compensation will also vary above or below the median based on Company and individual performance. The CNGC does not benchmark against the peer group and survey data but instead considers them as one data point in its decision-making.

Components of Ally's Compensation Program

As outlined in *Compensation Design—Elements and Mix of Executive Compensation* earlier in this CD&A, total compensation for our NEOs consists primarily of cash base salary, annual cash-based incentive awards, and long-term equity-based incentives in the form of PSUs and RSUs. In addition, we offer limited benefits and perquisites.

Cash Base Salary

Under our compensation philosophy, cash base salary is intended to provide a predictable level of compensation. It is determined based on internal and external market levels for the responsibilities of each NEO and individual considerations of performance and experience. There were no changes to the cash base salaries for the NEOs for 2020.

NEO	Annual Cash Base Salary at the end of 2019 (\$)	Annual Cash Base Salary as of February 2020 (\$)
Jeffrey J. Brown	1,000,000	1,000,000
Jennifer A. LaClair	600,000	600,000
Diane E. Morais	600,000	600,000
Scott A. Stengel	550,000	550,000
Douglas R. Timmerman	600,000	600,000
Incentive Awards

Ally's executive-compensation program is intended to reward and retain executives, including the NEOs, with an emphasis on performance. Accordingly, a combination of the following factors determines individual incentive awards and changes in total compensation from year to year:

- Overall Company results;
- Business-unit or corporate-function results;
- Individual performance evaluations;
- Risk scorecards;
- Internal and external market data; and
- Input from control functions (audit, compliance, risk, and loan review).

Once the CNGC determines each NEO's total incentive-award amount, the different types of incentives are awarded in a formulaic manner in accordance with our compensation-mix structure. Refer to *Compensation Design—Elements and Mix of Executive Compensation* earlier in this CD&A. Within the first two months after the performance year has concluded, the annual cash-based incentive awards are paid, and the long-term equity-based incentive awards are granted.

Corporate, Unit, and Individual Performance

Consistent with *Executive Summary—2019 Compensation Decisions* earlier in this CD&A, the CNGC considered the following indicia of performance during 2019 in determining each NEO's total compensation under our executive-compensation program.

Jeffrey J. Brown Chief Executive Officer	 Achieved \$36.3 billion of consumer auto originations, total deposits of \$120.8 billion, and adjusted tangible book value(a) of \$35.06 per share Achieved 12% adjusted EPS(a) growth in 2019 relative to the growth target of 7–10% that was communicated to the investment community Achieved Core ROTCE(a) of 12.0% in 2019 relative to the 12–13% target that was communicated to the investment community Achieved 1.29% retail auto net charge-offs relative to the low end of the 1.4%-1.6% target that was communicated to the investment community Continued to diversify the balance sheet with diversified auto originations at higher risk-adjusted returns, steady growth in the Corporate Finance and Ally Home businesses, and the acquisition of Health Credit Services–all while maintaining capital-allocation discipline Received investment grade long-term credit ratings from both Fitch and Standard & Poor's during 2019 Maintained focus on controls and risk management by driving appropriate risk culture throughout the organization
Jennifer A. LaClair Chief Financial Officer	 Achieved 12% adjusted EPS(a) growth in 2019 relative to the growth target of 7–10% that was communicated to the investment community Achieved Core ROTCE(a) of 12.0% in 2019 relative to the 12–13% target that was communicated to the investment community Adjusted tangible book value(a) of \$35.06 per share Received investment grade long-term credit ratings from both Fitch and Standard & Poor's during 2019 Maintained focus on controls and risk management by driving appropriate risk culture throughout the organization

Morais President, Consumer & Commercial Banking Products	 Total deposits of \$120.8 billion at December 31, 2019, up \$14.6 billion year-over-year (YoY) Grew Corporate Finance held-for-investment portfolio by 23% YoY to \$5.7 billion Named "Best Online Bank" by Money Magazine, "Best Banks to Work For" by American Banker, "Best Bank for No-Fee, No Fuss" and "Best Internet Bank" by Kiplinger's Increased retail deposit customer base by 20% YoY to 1.97 million Maintained focus on controls and risk management by driving appropriate risk culture throughout the organization

Scott A. Stengel General Counsel	 Served as a trusted counsel to the Board and executive management on strategic, business, governance, and regulatory matters Delivered strategic and tactical legal advice in connection with Ally's diversification strategy Maintained focus on controls and risk management by driving appropriate risk culture throughout the organization
Douglas R. Timmerman President, Auto Finance	 Delivered \$1.6 billion pre-tax income, up \$250 million YoY in a competitive marketplace Consumer auto originations of \$36.3 billion, up 3% YoY – sourced from a record 12.6 million applications Retail auto portfolio yield of 6.60%, up 46 basis points YoY Achieved 1.29% retail auto net charge-offs relative to the low end of the 1.4%-1.6% target that was communicated to the investment community Maintained focus on controls and risk management by driving appropriate risk culture throughout the organization

(a) This is a non-GAAP financial measure. Refer to Appendix A for applicable definitions and reconciliations.

Annual Cash-Based Incentive Awards

For details on the annual cash-based incentive awards granted to the NEOs in respect of 2019 performance, see *Executive Summary*—2019 Compensation Decisions earlier in this CD&A and the *Summary Compensation Table* later in this proxy statement.

Long-Term Equity-Based Incentive Awards

A central principle of our executive-compensation program is linking the compensation of our NEOs directly to Company performance by awarding at least 50% of their total compensation in the form of PSUs and RSUs. The CNGC believes that this approach further aligns the interests of our leaders and our stockholders, as the ultimate value received depends on the share price in the future after the awards vest and the shares are sold and, in the case of PSUs, the level of attainment of the applicable performance goals.

The PSUs granted to our NEOs in 2018 have a cumulative two-year performance period followed by an additional year of required service, after which earned PSUs fully vest and settle in shares. The PSUs granted in 2019 and 2020 have a cumulative three-year performance period with no additional service requirement. Any dividends declared over the three-year vesting period are accumulated and paid at or after the time of settlement based on the number of PSUs earned at the conclusion of the performance period.

The performance metrics applicable to the PSUs are Core ROTCE and total stockholder value growth rate (**TSV**), each having an equal weight. The CNGC believes that these two metrics align executive compensation with the Company's operating performance, risk appetite, and long-term stockholder returns. The selection of Core ROTCE, which is a metric widely used in the banking industry, incents management to produce an appropriate return on equity for stockholders. TSV, which is defined as growth in adjusted tangible book value per share plus dividends per share, was selected because the CNGC believes that growth in the tangible book value of the Company should result in increased long-term value creation for stockholders and is directly impacted by management performance. Core ROTCE, TSV, and adjusted tangible book value per share are non-GAAP financial measures, which are reconciled to comparable GAAP financial measures in **Appendix A** of this proxy statement. Under the ICP, which governs our PSUs, the CNGC has excluded from Core ROTCE and TSV the impact of designated items so that the performance goals reflect factors that management can directly control and that payout levels are not artificially inflated or impaired by factors unrelated to the ongoing operation of the business. Refer to **Appendix A** of this proxy statement for more detail on these designated items.

COMPENSATION DISCUSSION AND ANALYSIS

The CNGC establishes threshold, target, and maximum goals for each metric that, in its judgment, suitably challenge management after taking into account factors such as the Company's prior-year performance, the current year's financial plan, and the multi-year strategic plan. PSUs pay out between 0% and 150% of target based on the achievement of these predetermined goals for Core ROTCE and TSV using a tiered structure rather than linear interpolation between goals. The goals established by the CNGC for the PSUs granted in 2018, 2019, and 2020 follow:

2018

The changes in our TSV goals from 2019 to 2020 were driven primarily by the expected impact of Accounting Standards Update 2016-13, *Financial Instruments* – *Credit Losses* (CECL). CECL introduces a new accounting model to measure credit losses for financial assets measured at amortized cost, which includes the vast majority of our finance receivables and loan portfolio. Under CECL, credit losses for each of these financial assets are measured based on the total current expected credit losses over the life of the financial asset or group of financial assets. In effect, this means that the financial asset or group of financial assets are presented at the net amount expected to ever be collected. CECL represents a significant departure from previously existing GAAP, which provided for credit losses on these financial assets to be measured as they are incurred. CECL became effective for us on January 1, 2020, and substantially increased our allowance for loan losses with a resulting negative day-one adjustment to equity, which in turn negatively impacts adjusted tangible book value per share, a component of the TSV calculation. While the ICP authorizes the CNGC to exclude the impact of designated items for purposes of measuring performance under the PSUs—including the effect of changes in accounting principles like CECL—the CNGC instead decided to adjust the TSV goals for PSUs granted in 2020 to account for the expected impacts of CECL.

The changes in goals from 2018 to 2019 were meaningfully affected by the shift from a two-year to a three-year performance period.

The performance period for our PSUs granted in 2018 is complete, and the CNGC has certified the results as reflected in the following charts.

The calculation of these results included adjustments for items designated by the CNGC at the time of grant, primarily the effect of goodwill associated with our acquisition of Health Credit Services and the effect of changes to accounting standards (including Revenue from Contracts with Customers Accounting Standards Update 2014-09). The achievement of these results generated an expected future payout of 137.5% for recipients who complete their third-year-of-service requirement.

The RSUs granted to our NEOs do not have explicit performance-based conditions, but their ultimate value depends on the share price in the future after the awards vest and the shares are sold. The RSUs vest and settle in shares in three equal installments on the first, second, and third anniversaries of the date of grant. Any dividends over the vesting period are accumulated and paid at or after the time of settlement.

Benefits and Perquisites

We provide our NEOs with health and welfare benefits under the broad-based program generally available to all of our employees. This allows our NEOs and employees to receive certain benefits that are not readily available to individuals except through an employer and to receive certain benefits on a pre-tax basis.

Our benefit program includes the tax-qualified Ally Financial Inc. Retirement Savings Plan (**Savings Plan**). We provide the Savings Plan to support our employees in saving for retirement in a manner that is favorable from a tax perspective. Eligible compensation under the Savings Plan is composed of salary and certain cash bonuses. Under the Savings Plan, after one year of employment, employee contributions up to 6% of eligible compensation are matched 100% by Ally, and this matched amount vests in full immediately. Effective the first of the month following 30 days of employment, the Savings Plan also provides for a 2% nonmatching contribution on eligible compensation, posted each pay cycle, and an additional annual discretionary nonmatching contribution on eligible base pay of up to 2%, which is subject to the Company's performance. Nonmatching contributions fully vest after the individual has been employed for three years.

Ally also maintains the Enhanced Retirement Savings Plan, which is a nonqualified benefit equalization plan for highly compensated employees. This plan was designed to allow for the equalization of benefits for highly compensated employees when such employees' qualified plan benefits were limited by the Employee Retirement Income Security Act of 1974, as amended, and the Internal Revenue Code of 1986, as amended (**Code**). Ally suspended nonqualified contributions to this plan in 2009 and has not made any since that time, including in 2019. Certain NEOs maintain balances within the plan. This plan is maintained as an unfunded plan, and all expenses for administration of the plan and payment of amounts to participants are borne by Ally.

In addition to broad-based benefits, the NEOs receive limited additional benefits and perquisites so that the Company can remain competitive in attracting and retaining executive talent. These benefits are itemized in the notes to our Summary Compensation Table later in this proxy statement.

Other

Tax and Accounting

Section 162(m) of the Code limits the tax deductibility of compensation for certain executive officers to \$1 million. The CNGC is not limited to paying compensation that is fully deductible and retains the flexibility to consider tax and accounting impacts as some of the factors among many in structuring our executive-compensation program.

CNGC REPORT

The CNGC has reviewed and discussed with management the Compensation Discussion and Analysis that immediately precedes this report. Based on this review and discussion, the CNGC recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2019, as filed with the SEC.

The Compensation, Nominating and Governance Committee of the Board of Directors of Ally Financial Inc.

Kim S. Fennebresque (Chair) Franklin W. Hobbs Marjorie Magner John J. Stack

As provided by SEC Regulation S-K, this CNGC Report is not deemed to be soliciting material or to be filed or incorporated by reference into any other filing by the Company under the Securities Act of 1933 as amended or the Exchange Act.

(a) The amounts in this column reflect the actual amounts of salary paid to the NEOs in the relevant fiscal year. For the NEOs' current base salaries, see *Compensation Discussion and Analysis*—*Components of Ally's Compensation Program*—*Cash Base Salary* earlier in this proxy statement.

(b) The amounts in this column for 2019 represent the annual cash bonuses paid to the NEOs in February 2020 in respect of 2019 performance, based on achievement of the CNGC's assessment of overall Company and individual performance. For additional information on these bonuses, see *Compensation Discussion and Analysis*—*Components of Ally's Compensation Program*—*Annual Cash-Based Incentive Awards* earlier in this proxy statement.

(c) The amounts in this column reflect the aggregate grant date fair values of the RSUs and PSUs granted under the ICP to the NEOs, in each case, calculated in accordance with FASB ASC Topic 718. The actual value that the NEOs will realize for these awards is a function of the value of the underlying shares if and when these awards vest and, for PSUs, the level of attainment of the applicable performance goals. The amounts for the PSUs were calculated based on the probable outcome of the performance conditions as of the grant date, consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718. For these amounts, see the *Grants of Plan-Based Awards in 2019* table later in this proxy statement. The following are the values of the PSUs as of the grant date assuming attainment of the maximum level of performance: Mr. Brown, \$4,500,029; Ms. LaClair, \$1,143,762; Ms. Morais, \$1,312,538; Mr. Stengel, \$825,025; and Mr. Timmerman, \$1,200,008. For additional information on how we account for equity-based compensation, see Note 23 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2019.

⁽d) This column includes the incremental cost of certain perquisites and other personal benefits provided to the NEOs. For 2019, these amounts include:

	effrey J. Brown	Jennifer A. LaClair	Diane E. Morais	Scott A. Stengel	ouglas R. nmerman
Financial counseling ⁽¹⁾	\$ 10,000	\$ 10,000	\$ —	\$ 10,000	\$ —

(1) We generally provide a modest taxable allowance to certain senior executives for financial counseling, tax preparation and estate-planning services. Costs associated with this benefit are reflected in the table above, based on the actual charge for the services received. Any taxes assessed on the imputed income for the value of this service are the responsibility of the executive.

(2) We provide a taxable allowance for personal-umbrella liability insurance for certain executives. Any taxes assessed on the imputed income for the value of this service are the responsibility of the executive.

(3) Represents the tax value of life insurance for 2019 that was provided by the Company.

(4) Represents the employer contribution, Company match contribution, and discretionary contribution made to each NEO's account under the Ally 401(k) plan.

Timmerman ^(d)	PSU ^(a)	2/1/2019	15,244	30,488	45,732	-	800,005

(a) These amounts reflect the PSUs granted to the NEOs in 2019, which are scheduled to vest between 0% and 150% of the number of shares shown in the "Target" sub-column based on attainment of both a service condition that will lapse on the third anniversary of the date of grant and the achievement of the applicable Core ROTCE and TSV performance metrics during the performance period commencing on January 1, 2019 and ending on December 31, 2021. The amounts in the "Threshold" sub-column reflect 50% of the shares shown in the "Target" sub-column that will vest on attainment of the service condition and the threshold performance level. If either the service condition or the threshold performance level is not attained, the PSUs will be forfeited. The amounts in the "Target" sub-column reflect 100% of the shares that will vest on attainment of the service condition and the maximum performance level. For more information on the terms of these awards, see *Compensation Discussion and Analysis*—*Components of Ally's Compensation Program*—*Long-Term Equity-Based Incentive Awards* earlier in this proxy statement.

(b) The amounts in this column represent the number of shares of Ally common stock underlying the award of RSUs granted to the NEOs in 2019 that are scheduled to vest in equal installments on each of the first three anniversaries of the date of grant, based solely on service.

(c) The amounts in this column reflect the aggregate grant date fair values of the awards, calculated in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures and, for PSUs, based on the probable outcome of the applicable Core ROTCE and TSV performance metrics as of the grant date. The grant date fair value amounts shown do not reflect realized cash compensation by the NEOs. The actual value, if any, realized by each NEO for these awards is a function of the value of the shares if and when these awards vest. For the value of the PSUs, assuming attainment of the Core ROTCE and TSV performance metrics at the maximum level of performance, see footnote (c) to the *Summary Compensation Table* above. For additional information on how we account for equity-based compensation, see Note 23 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2019.

(d) RSUs for Mr. Timmerman are nonforfeitable since Mr. Timmerman has attained retirement eligibility pursuant to the terms of the awards.

Outstanding Equity Awards at 2019 Fiscal Year End

	2/1/2017	7,639	233,448		
	2/1/2017	18,314	559,676		

(a) The amounts reflected in this column represent the number of shares of Ally common stock underlying (i) the RSUs granted to the NEOs in 2017, 2018, and 2019 that are scheduled to vest over three years from the date of grant, in each case, based solely on service and (ii) the PSUs granted to the NEOs in 2017 and 2018 (reflected based on actual achievement of 125% and 137.5%, respectively, for the performance periods that ended on December 31, 2018 and December 31, 2019).

(b) The market values of the awards were calculated by multiplying the number of shares underlying the awards by \$30.56, which was the closing price of Ally's common stock on December 31, 2019.

(c) The amounts reflected in this column represent the number of shares of Ally common stock underlying the PSUs granted to the NEOs in 2019 (with a performance period that is scheduled to end on December 31, 2021) and a service period that is scheduled to end on the third anniversary of the date of grant, assuming attainment of the performance metrics at the target performance level. The actual number of Ally shares, if any, that will vest will be based on (i) the level of achievement of the Core ROTCE and TSV performance goals as of the end of the performance period and (ii) satisfaction of the applicable service condition. For more information on the terms of these awards, see *Compensation Discussion and Analysis*—*Components of Ally's Compensation Program*—*Long-Term Equity-Based Incentive Awards* earlier in this proxy statement.

(d) All RSU and PSU awards reflected for Mr. Timmerman, excluding the grant of 30,488 PSUs on February 1, 2019, are non-forfeitable as these grants have attained retirement eligibility pursuant to the terms of the awards.

Option Exercises and Stock Vested in 2019

The following table provides information on the NEOs' equity awards that vested in 2019. The NEOs do not hold any options.

Name	Number of Shares Acquired on Vesting <i>(#</i>) (a)	Value Realized on Vesting <i>(\$</i>) (b)
Jeffrey J. Brown	298,808	7,904,552
Jennifer A. LaClair	17,805	511,476
Diane E. Morais	98,690	2,618,349
Scott A. Stengel	24,156	663,005
Douglas R. Timmerman	53,960	1,435,060

(a) All amounts exclude those shares becoming nonforfeitable vesting solely due to retirement eligibility.

(b) The value realized on vesting of the equity was calculated by multiplying the number of shares of Ally common stock underlying awards that vested in 2019 by the closing price on the vesting date. The closing price ranged from \$26.24 to \$31.34.

Nonqualified Deferred Compensation in 2019

The table below reflects year-end balances, Company distributions, and all earnings associated primarily with the Ally nonqualified equalization plan.

Name	Plan name ^(a)	Executive Contributions in Last Fiscal Year <i>(</i> \$)	Registrant Contributions in Last Fiscal Year <i>(</i> \$)	Aggregate Earnings in Last Fiscal Year <i>(\$)</i>	Aggregate Withdrawals/ Distributions <i>(\$)</i>	Aggregate Balance at Last FYE <i>(\$)</i>

Scott A. Stengel	Nonqualified Benefit Equalization Plan	_	_	_	_	_
Douglas R. Timmerman	Nonqualified Benefit Equalization Plan	_	4,460	21,940	—	114,669

(a) The amounts reflect employee balances in the nonqualified Enhanced Retirement Savings Plan. Each participant is credited with earnings based on a set of investment options selected by the participant that are similar to 401(k) investment options available to all employees, but employer contributions to this plan have not been made since 2009. For more information on this plan, see *Compensation Discussion and Analysis*— *Components of Ally's Compensation Program*—Benefits and Perquisites earlier in this proxy statement.

Potential Payments Upon a Termination

Ally Financial Inc. Severance Plan

All NEOs are eligible to participate in the Severance Plan, which entitles each NEO to receive (i) two times the sum of their annual base salary and designated annual cash-incentive compensation opportunity, (ii) the pro-rated designated annual cash-incentive compensation opportunity for the year of their termination, and (iii) a payment equal to 24 months of medical premiums valued at their COBRA rate, in the event of a qualifying termination of employment or a termination of service without cause (as summarized below), in each case, within the 24-month period immediately following a change in control. In the event of a qualifying termination that is not in connection with a change in control, our CEO is entitled to receive two times his base salary and all other NEOs are entitled to receive one times their base salary. The plan also provides for outplacement benefits at a level determined by the Company based on the individual's level within the organization, market conditions, and geographic area.

The Severance Plan generally defines qualifying terminations of employment as: (i) the elimination of a participant's current position, termination associated with the reduction in the total number of employees in the same department performing the same or similar job, or termination associated with a restructuring of different departments which results in the reduction in the total number of employees, including the participant, in the affected departments; (ii) a substantial change in current duties for which the participant no longer qualifies; (iii) a substantial change in the participant's current duties which results in a 20% or more reduction in the participant's base salary; or (iv) declining a geographic transfer in connection with the elimination of the participant's current position to a new position at a location more than 50 miles from the location of the participant's current position regardless of whether reimbursement of relocation expenses is offered.

Annual RSUs

In the event of a NEO's termination of employment (a) due to death, "disability" or "retirement," (b) by Ally without "cause," or (c) in the case of RSUs granted to the NEOs, due to a "qualifying termination" (as such terms are defined in the ICP and summarized below, the unvested portion of the RSUs will fully vest as of the date of such termination of service and will be paid as follows: (i) in the case of a termination due to death or disability, within 75 days of such termination of employment and (ii) in the case of a termination by Ally without cause due to a qualifying termination or due to retirement, on the award's original settlement dates.

In the case of a NEO who is employed by a business unit of the Company, if the NEO is terminated (i) as a result of a "sale of such business unit" (as defined in the Incentive Plan and summarized below) or (ii) without cause or due to a qualifying termination, in each case, within the 24-month period immediately following the sale of such business unit, then all unvested RSUs will fully vest as of the date of such termination and will be paid on the award's original settlement dates.

In the event of a "change in control" (as defined in the Incentive Plan and summarized below), if the RSUs are not continued or converted into a restricted stock or RSU over to shares of the survivor or successor (or parent corporation) on a basis substantially equivalent to the consideration received by stockholders of Ally in connection with the change in control, the outstanding RSUs will vest and be immediately due and payable. If the RSUs are continued or converted as described above, then in the event of a termination of the NEO's employment without cause or due to a qualifying termination within the 24-month period following the change in control, the RSUs will fully vest and become immediately payable.

Annual PSUs

In the event of a NEO's termination of employment due to death or disability, the PSUs will fully vest as of the date of such termination of employment and will be paid within 75 days of such termination of employment, with the performance conditions applicable to the PSUs deemed achieved (i) at the target performance level if the termination of service occurs prior to the end of the performance period or (ii) based on actual performance if the termination of service occurs on or after the last day of the performance period.

In the event of a NEO's termination of employment (a) due to retirement, (b) by the Company without cause, or (c) due to a qualifying termination (whether as a result of a sale of a business unit or otherwise), in each case, other than in connection with a change in control, the PSUs will fully vest as of the date of such termination of employment, subject to achievement of the applicable Core ROTCE and TSV performance conditions and will be payable on the award's original settlement dates. However, in the case of a termination of employment by the Company without cause or due to a qualifying termination (whether as a result of a sale of a business unit or otherwise), if the performance goals are achieved above the target performance level, the number of shares that will be payable in excess of the target number of shares will be prorated based on the number of calendar days during the performance period the NEO was employed by the Company.

In the event of a change in control, if the PSUs are not continued or converted into a restricted stock award over to shares of the survivor or successor (or parent corporation) on a basis substantially equivalent to the consideration received by stockholders of Ally in connection with the change in control, the outstanding PSUs will vest and be immediately due and payable. If the PSUs are continued or converted as described above, then in the event of a termination of the NEO's employment without cause or due to a qualifying termination within the 24-month period following the change in control, the RSUs will fully vest and the award will be payable on the earlier of (i) the original payment date or (ii) (a) the date of termination of employment for any reason other than due to death or disability or (b) within 75 days of the date of termination due to death or disability. At the time of a change in control, PSUs are converted to restricted stock as follows: (1) if more than half of the performance period has elapsed at the time of the change in control and achievement of the performance as of the date of the change in control; or (2) if less than half of the performance period has elapsed at the time of the change in control or achievement of the performance metrics is not determinable, the performance goals will be deemed achieved at the target performance level.

Under the Incentive Plan, "cause," "change in control," "disability," "qualifying termination," "retirement," and "sale of such business unit" are generally defined as follows:

"Cause" generally means, unless otherwise defined in any employment agreement with the participant (if any) or as otherwise provided in an individual award agreement, the participant's: (i) felony indictment or misdemeanor conviction; (ii) failure to perform any material responsibility of the leadership position; (iii) a course of conduct, which would tend to hold the Company or any of its affiliates in disrepute or scandal, as determined by the Board in its sole discretion; (iv) failure to follow lawful directions of the Board; (v) any material breach of fiduciary duty to the Company; (vi) gross negligence; (vii) willful misconduct; (viii) failure to comply with a material Company policy; (ix) any act of fraud, theft, or dishonesty; (x) breach of any restrictive covenants set forth in the Incentive Plan; or (xi) failure to promptly repay any award payment that is determined to be owed to the Company pursuant to the recoupment or "clawback" provisions under the Incentive Plan.

- "Change in control" generally means the occurrence of one or more of the following events: (i) any person or entity becomes, directly or indirectly, the beneficial owner of more than 30% of the combined voting power of the Company's outstanding securities entitled to vote generally in the election of directors; (ii) the replacement of a majority of the Company's directors during any 12-month period; and (iii) the consummation of (x) a merger or consolidation of the Company or any of its subsidiaries with any other entity, or the issuance of voting securities in connection with a merger or consolidation with any other entity, other than a merger or consolidation continuing to represent at least 60% of the company outstanding immediately prior to such merger or consolidation or such surviving entity or parent outstanding immediately after such merger or consolidation or (y) any sale, lease, exchange or other transfer to any person (other than an affiliate of the Company) of assets of the Company and/or any of its subsidiaries having a total gross fair market value equal to or more than 40% of the total gross fair market value of the Company and its subsidiaries immediately prior to such transaction(s).
- "Disability" generally means, unless otherwise provided in an individual award agreement, (i) a long-term disability that entitles the participant to disability income payments under any long-term disability plan or policy provided by the Company under which the participant is covered, as such plan or policy is then in effect; or (ii) if such participant is not covered under a long-term disability plan or policy provided by the Company at such time for whatever reason, then the term "disability" means disability within the meaning of Treasury Reg. Section 1.409A-3(i)(4).
- "Qualifying Termination" generally means a termination of employment or service as a result of any of the following: (i) elimination of the participant's current position or reduction in the total number of employees in the same department performing the same or similar job; (ii) a substantial change in current duties for which the employee no longer qualifies; (iii) a substantial change in current duties, which results in a 20% or more reduction in salary; or (iv) declining a geographic transfer to a new position offered to the participant upon the elimination of current position as an alternative to termination (provided that the participant was offered reimbursement of relocation expenses associated with the transfer in accordance with the Company's then-current relocation program).
- "Retirement" generally means a termination of employment or service other than for cause following attainment of (i) age 55, and the total of age and years of service to the Company and its affiliates equals or exceeds 70, or (ii) age 65.
- "Sale of such business unit" generally means whether effected directly or indirectly, or in one transaction or a series of transactions: (i) any merger, consolidation, reorganization or other business combination pursuant to which a "business unit" (i.e., a single business or product line or related group of business or product lines of the Company that, in the ordinary course of the Company's business, managerial and financial reporting are considered and managed as a division, including, but not limited to, the Company's North American Auto Finance, Insurance and Commercial Finance divisions, and which consist of a group of legal entities rolling up to a holding company that is a wholly-owned subsidiary of the Company) and an acquirer and/or all or a substantial portion of their respective business operations are combined in a manner that generally results in a change in control (as defined above) of the business unit (using certain specified criteria of such "change in control" definition under the Incentive Plan); or (ii) the sale, transfer or other disposition of all or substantially all of the capital stock or assets of the subsidiaries of the Company included in the business unit by way of negotiated purchase, tender or exchange offer, option, leveraged buyout, or joint venture over which the Company does not exercise voting control or otherwise.

The tables below for each of the active NEOs reflect the payments and benefits to which each of the active NEOs would have been entitled under the Company's compensation and benefit plans in the event of a change in control, an involuntary termination by the Company without cause, a qualifying termination or a termination due to death or disability, in each case, as of December 31, 2019. The amounts reflected in the tables below for "Equity Acceleration" (i) do not include the value of any stock awards that were vested (or nonforfeitable due to retirement provisions) as of December 31, 2019 and (ii) assume achievement of any applicable performance goals at the target performance level.

Pay Ratio

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and SEC Regulation S-K require a public company to disclose the annual total compensation of its Principal Executive Officer (**PEO**), the median of the annual total compensation of all employees of the company excluding the PEO, and the ratio of those two amounts.

SEC rules permit us to identify our median employee once every three years if, during the last completed fiscal year, there were no changes in our employee population or employee compensation arrangements that we reasonably believe would result in a significant change to our pay-ratio disclosure. We have concluded that, for 2019, there were no such changes. As a result, our median-employee determination for 2017 is being used to calculate our 2019 pay ratio.

Median-Employee Determination for 2017

A list of all 7,912 employees, excluding the PEO, as of December 31, 2017, was prepared. Our 36 international employees (35 in Canada and 1 in Belgium) were excluded, resulting in 7,876 total employees. To determine our median employee from this adjusted employee population, we used base salary plus 2017 target incentive opportunities. Base salaries were annualized for permanent employees who were not employed by us for all of 2017.

2019 Pay Ratio Calculation

We determined our median employee's annual total compensation for 2019 utilizing the same methodology that is used in determining the total compensation of our NEOs as set forth in the 2019 *Summary Compensation Table* earlier in this proxy statement. Further, annual total compensation of our PEO and our median employee were adjusted to include the cost of estimated employer contributions for medical and dental benefits and tuition reimbursements for 2019. As a result, the adjusted annual total compensation for 2019 of our PEO, Mr. Brown, was \$10,659,777, which includes \$17,659 of employer contributions for medical and dental benefits in 2019 in addition to compensation set forth in the 2019 *Summary Compensation Table* earlier in this proxy statement. Mr. Brown's compensation is approximately 86 times our median employee's 2019 annual total compensation of \$123,305. The Company believes that the foregoing ratio is a reasonable estimate determined in accordance with SEC rules.

Please note that SEC rules for identifying the median employee and calculating the pay ratio allow companies to apply various methodologies and assumptions, and as result, the pay ratio reported by us may not be comparable to pay ratios reported by other companies.

PROPOSAL 2 – ADVISORY VOTE ON EXECUTIVE COMPENSATION

Section 14A of the Exchange Act and SEC Rule 14a-21 require us, at least every third calendar year, to hold a non-binding stockholder advisory vote at our annual meeting on the compensation paid to our NEOs as disclosed in our proxy statement in accordance with applicable SEC rules. This is commonly known as a say-on-pay advisory vote.

Under the Company's executive-compensation program, the NEOs are rewarded for the achievement of specific annual, long-term, strategic, and corporate goals as well as the realization of increased stockholder value. Please read the *Compensation Discussion and Analysis* along with the information in the compensation tables for additional details about the executive-compensation program, including information about the fiscal year 2019 compensation of the NEOs.

Stockholders are asked to indicate their support for the NEO compensation as described in this proxy statement. This say-on-pay advisory vote is not intended to address any specific item of compensation but rather the overall compensation of the NEOs and the compensation philosophy, policies, and practices described in this proxy statement. Accordingly, stockholders are requested to vote on the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2020 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the *Compensation Discussion and Analysis*, the 2019 Summary Compensation Table, and the other related tables and disclosures."

This say-on-pay vote is advisory and, therefore, not binding on the Company, the CNGC, or the Board. The Board and the CNGC, however, greatly value the opinions of stockholders, and to the extent that there is a significant vote against the NEO compensation as disclosed in this proxy statement, the CNGC will consider stockholders' concerns and will evaluate whether any actions are necessary to address those concerns.

The Board recommends that stockholders vote FOR the advisory resolution approving the compensation paid to our named executive officers as disclosed in this proxy statement.

COMPENSATION RISK ASSESSMENT

The CNGC, with the assistance of Ally's Risk and Human Resources functions, conducts an annual assessment of the risks associated with Ally's compensation policies and practices. Based on the assessment conducted during 2019 and through the 2019–2020 compensation cycle, the CNGC believes that the design, implementation, and governance of Ally's incentive-compensation program are consistent with high standards of risk management (including the Interagency Guidance on Sound Incentive Compensation Policies issued by the federal banking agencies) and that Ally's incentive-compensation policies and practices reflect an appropriate mix of compensation elements, balancing short-term and long-term performance objectives, cash- and equity-based compensation, and risks and rewards.

The CNGC in 2019 also reviewed Ally's compensation policies and practices as generally applicable to all of our employees and believes that these policies and practices do not encourage excessive or unnecessary risk taking and that any level of risk that they do encourage is not reasonably likely to have a material adverse effect on the Company. This conclusion has been reported by the CNGC to the Board. In addition, in keeping with this conclusion, Ally's Enterprise Compensation Policy authorizes the cancellation, recovery, or other recoupment of variable pay if the Board, the CNGC, or the CEO, as applicable, determines that the variable pay was based on a materially inaccurate statement of earnings or other performance criteria, a material misrepresentation or a mistake irrespective of the source or cause, or other similar conduct or circumstances.

PROPOSAL 3 – RATIFICATION OF THE ENGAGEMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The AC is solely and directly responsible for the appointment, compensation, retention, oversight, and replacement of the Company's independent registered public accounting firm. For additional information about these responsibilities, refer to the *Audit Committee Report* later in this proxy statement.

After assessing the performance, qualifications, independence, objectivity, and professional skepticism of Deloitte & Touche LLP—the Company's current independent registered public accounting firm—the AC and the Board believe that the continued retention of Deloitte & Touche as our independent auditor is in the best interests of the Company and its stockholders. Deloitte & Touche has been serving the Company and its subsidiaries in this role for decades and has advised the Company that its members have no direct or indirect financial interest in the Company or any of its subsidiaries.

The Board asks our stockholders to ratify the AC's engagement of Deloitte & Touche as the Company's independent auditor for fiscal year 2020. The AC, however, will retain its sole authority over the appointment, compensation, retention, oversight, and replacement of the Company's independent auditor. As a result, in the event that the engagement of Deloitte & Touche is not ratified by stockholders, the AC will consider that action in the ongoing exercise of its authority over the independent auditor but will be under no obligation to engage a new independent auditor. In addition, even if the engagement is ratified, the AC will retain its discretion to terminate the appointment at any time during the year, to engage a new independent auditor, and to take any other related action if judged by the AC to be in the best interests of the Company and its stockholders.

Representatives of Deloitte & Touche are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so. We also expect that these representatives will be available to respond to appropriate questions from stockholders.

The Board recommends that stockholders vote FOR the ratification of the Audit Committee's engagement of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2020.

FEES OF THE PRINCIPAL INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Total fees for professional services provided by our principal independent registered public accounting firm, Deloitte & Touche LLP, for the fiscal years ended December 31, 2019 and 2018 are as follows:

(\$ in millions)	2019	2018
Audit fees ^(a)	\$ 7	\$ 8
Audit-related fees ^(b)	3	3
Audit and audit-related fees	10	11
Tax fees ^(c)	1	1
Total fees	\$ 11	\$ 12

(a) Audit fees include fees for the integrated audit of Ally's annual Consolidated Financial Statements, reviews of interim financial statements included in Ally's Quarterly Reports on Form 10-Q, and audit services in connection with statutory and regulatory filings. In addition, this category includes approximately \$1 million in both 2019 and 2018 for services such as comfort letters for securities issuances and consents to the incorporation of audit reports in filings with the SEC.

(b) Audit-related fees include fees for assurance and related services that are traditionally performed by the principal accountant, including attest services related to servicing and compliance, agreed-upon procedures relating to securitizations and financial-asset sales, and consultation on financial accounting and reporting standards.

(c) Tax fees include fees for services performed for tax compliance, tax planning, and tax advice, including preparation of tax returns and claims for refund. Tax planning and advice also include assistance with tax audits and appeals and tax advice related to specific transactions.

Our Independent Auditor Services and Preapproval Policy is approved by the AC and sets forth the processes that must be followed when engaging the independent registered public accounting firm. For both audit services and non-audit services, the AC will consider whether the firm's provision of the services is consistent with the SEC's rules on auditor independence and would not impair the independence of the firm with respect to us. The AC will also consider any other matters it deems relevant, including as appropriate whether the firm is best positioned to provide the most effective and efficient service given its familiarity with our business and operations.

Consistent with the Independent Auditor Services and Preapproval Policy, the independent registered public accounting firm annually presents to the AC (1) an engagement letter that sets forth the annual integrated audit services (including quarterly reviews) and fees and (2) a summary of services that sets forth statutory audits, projected non-audit reports, and other projected services that may be requested during the fiscal year together with corresponding fees. The AC will review and, in its discretion, preapprove these services and fees by appointing the firm and approving the engagement letter and the summary of services.

Any proposed engagement of the firm for a statutory audit, a non-audit report, or other service that was preapproved in the summary of services is directed to the CFO's risk-management team, which is charged with verifying that the service was preapproved and will be provided consistent with the fees projected in the summary of services. If the fees for the preapproved service exceed or are expected to exceed the projected fees, the engagement must be approved by the Controller or Chief Tax Officer as applicable (in the case of total fees for the service of \$100,000 or less), the Chair of the AC (in the case of total fees for the service of more than \$100,000 but less than or equal to \$500,000), or the AC (in the case of total fees for the service of more than \$500,000).

Any proposed engagement of the firm for an audit or non-audit service that was not preapproved in the annual engagement letter or the summary of services and that does not exceed \$500,000 in fees may be preapproved by the Chair of the AC, subject to the condition that the Chair's decision is presented to the AC at a subsequent meeting within a reasonable timeframe. Any proposed engagement of the firm for an audit or non-audit service that was not preapproved in the annual engagement letter or the summary of services and that exceeds \$500,000 in fees must be submitted to the AC for preapproval.

Under the Independent Auditor Services and Preapproval Policy, no engagement may be finalized, no financial commitment may be made, and no work may begin related to a proposed engagement of the firm until all appropriate preapprovals have been given and verifications have been made, except in the limited circumstance permitted by Section 10A(i) of the Exchange Act and SEC Rule 2-01(c)(7). All audit and non-audit services performed by Deloitte & Touche in 2019 were approved in accordance with the Independent Auditor Services and Preapproval Policy.

PROPOSAL 3 – RATIFICATION OF THE ENGAGEMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

AUDIT COMMITTEE REPORT

Management is responsible for the Company's internal control over financial reporting, preparation of consolidated financial statements, and overall accounting and financial-reporting processes. Deloitte & Touche LLP, our independent registered public accounting firm, is responsible for planning and conducting an independent audit of the Company's consolidated financial statements in accordance with the standards of the U.S. Public Company Accounting Oversight Board (**PCAOB**) and for expressing an opinion as to the conformity of these financial statements with GAAP and as to the effectiveness of our internal controls over financial reporting. The Company's Internal Audit function, under the direction of the Chief Audit Executive, is independent of the Company's business units, functionally reports to the AC, and is responsible for preparing an annual audit plan and conducting internal audits to test and evaluate the Company's risk management, governance, and internal controls. The AC is responsible for monitoring and overseeing these activities on behalf of the Board.

The AC, in connection with its monitoring and oversight responsibilities, assesses the activities and performance of the Company's independent auditor, which reports directly to the AC. Annually, the AC considers the results of an evaluation of the performance, qualifications, independence, objectivity, and professional skepticism of the independent auditor in determining whether to retain the firm for the next fiscal year. The AC oversees negotiations associated with the retention of the independent auditor and has the sole authority to approve the engagement letter and the audit fees. In accordance with SEC rules, audit partners are subject to rotation requirements to limit the number of consecutive years that an individual partner may provide services. In conjunction with this five-year mandated rotation of the firm's lead audit partner, the AC and its Chair are directly involved in the selection of the independent registered public accounting firm. Additionally, the AC has oversight responsibility for the Company's Internal Audit function, including the appointment, retention, performance evaluation, and compensation of the Company's Chief Audit Executive.

The AC discussed the interim financial and other information contained in each quarterly earnings announcement and periodic SEC filing with management and Deloitte & Touche prior to the public release of the announcement. The AC has reviewed and discussed with management and Deloitte & Touche the Company's audited financial statements as of and for the fiscal year ended December 31, 2019, management's assessment of the effectiveness of the Company's internal control over financial reporting, and Deloitte & Touche's evaluation of the Company's internal control over financial reporting. In addition, the AC has discussed with Deloitte & Touche the matters that independent registered public accounting firms must communicate to audit committees under applicable PCAOB standards, including Auditing Standard No. 16 (Communications with Audit Committees) which superseded Statement on Auditing Standards No. 61. The AC has received the written disclosures and correspondence from Deloitte & Touche equired by applicable requirements of the PCAOB regarding Deloitte and Touche's independence and has discussed with Deloitte & Touche its independence.

Based on these reviews and discussions, the AC recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2019, for filing with the SEC.

The Audit Committee of the Board of Directors of Ally Financial Inc.

William H. Cary Katryn (Trynka) Shineman Blake Maureen A. Breakiron-Evans Mayree C. Clark John J. Stack

As provided by SEC Regulation S-K, this Audit Committee Report is not deemed to be soliciting material or to be filed or incorporated by reference into any other filing by the Company under the Securities Act of 1933 as amended or the Exchange Act.

Ally believes that the non-GAAP financial measures here may be useful to readers, but these are supplemental to and not a substitute for GAAP financial measures.

Adjusted Earnings per Share (Adjusted EPS) is a non-GAAP financial measure that adjusts GAAP Earnings per Share for revenue and expense items that are typically strategic in nature or that management otherwise does not view as reflecting the operating performance of the company. Management believes Adjusted EPS can help the reader better understand the operating performance of the core businesses and their ability to generate earnings. In the numerator of Adjusted EPS, GAAP net income attributable to common stockholders is adjusted for the following items: (1) excludes discontinued operations, net of tax, as Ally is primarily a domestic company and sales of international businesses and other discontinued operations in the past have significantly impacted GAAP EPS, (2) adds back the tax-effected non-cash Core Original Issue Discount, (3) excludes equity fair value adjustments (net of tax) related to ASU 2016-01, effective 1/1/2018, which requires change in the fair value of equity securities to be recognized in current period net income as compared to prior periods in which such adjustments were recognized through other comprehensive income, a component of equity, and (4) excludes certain discrete tax items that do not relate to the operating performance of the core businesses.

Adjusted Efficiency Ratio is a non-GAAP financial measure that management believes is helpful to readers in comparing the efficiency of its core banking and lending businesses with those of its peers. In the numerator of Adjusted Efficiency Ratio, total noninterest expense is adjusted for Insurance segment expense, rep and warrant expense and repositioning items primarily related to strategic activities. In the denominator, total net revenue is adjusted for Insurance segment revenue and Core Original Issue Discount.

Adjusted Tangible Book Value Per Share (Adjusted TBVPS) is a non-GAAP financial measure that reflects the book value of equity attributable to stockholders even if Core Original Issue Discount balance were accelerated immediately through the financial statements. As a result, management believes Adjusted TBVPS provides the reader with an assessment of value that is more conservative than GAAP common stockholder's equity per share. Adjusted TBVPS generally adjusts common equity for: (1) goodwill and identifiable intangibles, net of deferred tax liabilities (DTLs) and (2) tax-effected Core Original Issue Discount balance to reduce tangible common equity in the event the corresponding discounted bonds are redeemed/tendered. In December 2017, tax-effected Core Original Issue Discount balance was adjusted from a statutory U.S. federal tax rate of 35% to 21% ("rate") as a result of changes to U.S. tax law. The adjustment conservatively increased the tax-effected Core Original Issue Discount balance and consequently reduced Adjusted TBVPS as any acceleration of the non-cash charge in the future periods would flow through the financial statements at a 21% rate versus a previously modeled 35% rate.

Core Net Income Available to Common Stockholders is a non-GAAP financial measure that serves as the numerator in the calculations of Adjusted EPS and Core ROTCE and that, like those measures, is believed by management to help the reader better understand the operating performance of the core businesses and their ability to generate earnings. Core net income available to common stockholders adjusts GAAP net income available to common stockholders for discontinued operations net of tax, tax-effected Core Original Issue Discount expense, tax-effected changes in equity investments measured at fair value, and significant discrete tax items.

Core Original Issue Discount (**Core OID**) amortization expense is a non-GAAP financial measure for Original Issue Discount, primarily related to bond exchange Original Issue Discount which excludes international operations and future issuances.

Core Outstanding Original Issue Discount Balance (**Core OID balance**) is a non-GAAP financial measure for outstanding OID, primarily related to bond exchange Original Issue Discount which excludes international operations and future issuances.

Core Pre-tax Income is a non-GAAP financial measure that adjusts pre-tax income from continuing operations by excluding (1) Core OID, and (2) equity fair value adjustments related to ASU 2016-01, effective 1/1/2018, which requires change in the fair value of equity securities to be recognized in current period net income as compared to prior periods in which such adjustments were recognized through other comprehensive income, a component of equity. Management believes core pre-tax income can help the reader better understand the operating performance of the core businesses and their ability to generate earnings.

Core Return on Tangible Common Equity (**Core ROTCE**) is a non-GAAP financial measure that management believes is helpful for readers to better understand the ongoing ability of the company to generate returns on its equity base that support core operations. For purposes of this calculation, tangible common equity is adjusted for Core OID balance and net DTA. Ally's core net income attributable to common stockholders for purposes of calculating Core ROTCE is based on the actual effective tax rate for the period adjusted for significant discrete tax items including tax reserve releases, which aligns with the methodology used in calculating adjusted earnings per share.

- In the numerator of Core ROTCE, GAAP net income attributable to common stockholders is adjusted for discontinued operations net of tax, tax-effected Core OID, fair value adjustments (net of tax) related to ASU 2016-01, effective 1/1/2018, which requires change in the fair value of equity securities to be recognized in current period net income as compared to prior periods in which such adjustments were recognized through other comprehensive income, a component of equity, and significant discrete tax items.
- In the denominator, GAAP stockholder's equity is adjusted for preferred equity and goodwill and identifiable intangibles net of DTL, Core OID balance, and net DTA.

Tangible Common Equity is a non-GAAP financial measure that is defined as common stockholders' equity less goodwill and identifiable intangible assets, net of deferred tax liabilities. Ally considers various measures when evaluating capital adequacy, including tangible common equity. Ally believes that tangible common equity is important because we believe readers may assess our capital adequacy using this measure. Additionally, presentation of this measure allows readers to compare certain aspects of our capital adequacy on the same basis to other companies in the industry. For purposes of calculating Core ROTCE, tangible common equity is further adjusted for Core OID balance and net deferred tax asset.

Net Financing Revenue (excluding OID) excludes Core OID.

Total Stockholder Value (**TSV**) is a non-GAAP financial measure that is defined as growth in adjusted TBVPS share plus dividends per share.

Measurement of Performance for PSUs

Consistent with the ICP, for purposes of measuring performance under the PSUs granted by the Company, the CNGC has excluded from Core ROTCE and TSV the impact of designated items so that these performance goals reflect factors that management can directly control and that payout levels are not artificially inflated or impaired by factors unrelated to the ongoing operation of the business.

For the PSUs granted in 2018 and 2019, the designated items were—in each case, to the extent material and not taken into account in establishing the target levels—(1) litigation and regulatory judgments, charges or settlements and any accruals or reserves relating to litigation or regulatory matters, (2) the effect of changes in law applicable to Ally which shall be measured based on the effect of the changes on revenue, income, assets and liabilities demonstrably caused by such changes in law, (3) the effect of changes in accounting principles, including any related accounting restatements, (4) income, expenses, gains or losses from discontinued operations, (5) the charges and other costs and balance sheet impacts associated with any acquisition, divestiture, restructuring or pre-payment or other early retirement of outstanding debt, and, in the case of an acquisition, any income or loss associated with the acquired business or assets during the same fiscal period, and (6) any items that are categorized as unusual in nature or infrequently occurring within the meaning of GAAP.

For the PSUs granted in 2020, the designated items were—in each case, to the extent material and not taken into account in establishing the target levels—(1) litigation and regulatory judgments, charges or settlements and any accruals or reserves relating to litigation or regulatory matters, (2) the effect of changes in law applicable to Ally which shall be measured based on the effect of the changes on revenue, income, assets and liabilities demonstrably caused by such changes in law, (3) the effect of changes in accounting principles, including any related accounting restatements, (4) income, expenses, gains or losses from discontinued operations, (5) the charges and other costs and balance sheet impacts associated with any acquisition, divestiture, restructuring or pre-payment or other early retirement of outstanding debt, and, in the case of an acquisition, any income or loss associated with the acquired business or assets during the performance window, and (6) any items that are categorized as unusual in nature or infrequently occurring within the meaning of GAAP.
